You give the cup of iced Americano to the customer who has been rude to you since the very moment she came to the cafe. She's been yelling for no valid reason because she said someone cut the line. When she's ordering her drink, she cursed at you since her card wasn't acceptable.

"I hope today will be your worst day ever!". She spat that hurtful words at your face before leaving. You're dumbfounded. You aren't at fault though? What to do, people with that kind of attitude do exist.

You feel a pat on your back and it's coming from the co-worker who's working with you ever since you started working. "Just relax. Sometimes we need people like so

that we know ah, we're way better than them".

That's kind of true. He manages to comfort you then! "Thanks Tae. Now I know, even though I'm just broke student but at least I have great personality". You give him a high five. "That's the spirit! Just calm down and ignore the shits".

Suddenly someone throws a straw at his face and runs away out of the cafe. "Yeah you better run dickhead! I'm coming to whoop your flat ass!". He shouts back. Well, that's wild.

You look at your back as you heard the creak sounds coming from the front door. With your novel in your hands, your eyes are now abandoning the pages. "Oh? You're early?".

A man with a white tee, a black ripped jeans and a leather jacket

with this pair of round sexy looking black glasses walks in. His hair is a bit different today. He has a new highlight?

He takes off his shoes, puts all his equipment on the kitchen counter and plops his body at the single couch next to you. "The wedding was chaotic!".

Now this is what you want to know. How chaotic? You close the novel and put it aside. "Uuuu... tell me!". He takes of his glasses and leans forward to unfold the story.

Jungkook. Or full name Jeon Jungkook. Age 24. Hot specimen. The end.

Nah.. That can't be it. He's a freelance wedding photographer. Sometimes videographer but depends on his 'energy' to do it since editing videos takes a lot of time. He graduated last year in the field he's having his job now.

Oh wait, you want to know about yourself? Ah yes why not. You're a broke student.

Longer? Alright. You're a broke student who is working as a part-timer in a cafe that is just around the corner. You're the same age as him but somehow you enrolled a bit later because of some money problems.

How you two met and became a roommate?

Well, he's the one who rented this apartment and was searching for a roommate. Somehow you ended up being the first one who contacted him and landed a deal to stay in this place. So each of you pay the equal rent fee to the landlord.

How's life with him? Expect some good movie with a hot sexy hero in it. You've been staying with him for six months and no problems at all. Lol! What about love life? Well, this man is weird.

He doesn't believe in love. So mainly he just had some random hook ups here and there but never at this apartment. You can literally counted them. (Top secret but he had three hook ups for six months and all of them were bad since that's what he told you).

(Another top secret. Yes he told you since you share everything with him). Liar! Almost everything except your lame love life because you don't even freaking have any sexual desire towards anyone unless if it's him. Creepy?

Either way that's basically it. Now you're kind of lucky to be this man's roommate.

"So I ended up taking photos of the bride's parents since the groom vomited non stop. They even postponed the wedding and guess what?". He looks so done by the end of the story. "I'll be their photographer again!". He plops his back at the couch.

"At least you're getting paid. So why not?". He rubs his face and feels like killing some people. "And witness another vomit scene? Oh god. I just wanna shot photos".

You laugh at him because he can't do anything. It's just his job. "Oh oh! This morning, Mr.Hwang left me a letter. I couldn't open it since I'm rushing for classes". You walk to the cabinet under the mirror that's near the living area.

"Here. He said it's for us". He takes it away form your hand and rips the envelope. His eyes widen a bit as he sees the word 'Rental New Regulations'. You can't read his face since his facial expression is all over the place.

"Something's wrong?" You ask and he bites his lips, passing the letter for you to read. "... doubled the rental?? What the fuck?". Now he's stressed for the second time. From 450,000 to almost 700,000won. That's almost doubled!

"I-I don't have that much cash. Oh god!". He nods as he understands the pain too. "I don't wanna move out. My office is like a few blocks away".

"Mine is like around the corner. Plus my college is one train stop away". Now this is a problem.
Why is Mr.Hwang is like this?
Is he starting to be cruel? Devil possessed him?

"I don't have any appointment tomorrow so I'll talk to him then". The letter is back in its envelope. "What if we end up need to pay more". You look up as he stands up, maybe about to go to his room to wash up or something.

He ruffles your hair since it's his habit when he's with you, before going straight to his room.

"We have to think of another way to get more money then".

You are wearing your shoes, really taking your precious time because this boots are just too much work to put on.

"Ahhh morning class?". A very low raspy voice coming from one of the rooms infront of you. Jungkook is just standing there with his hand running through his fluffy hair, body looking so hot in those white tee and short.

"Yeah .. you know, Friday is always a tough day for me". He walks out of his room, opening up the fridge and grabbing a box of milk. "You have the weekends later". He drinks his milk from the box, yes you don't share things here.

"Oh, I will meet up Mr.Hwang later

to talk about the rent. I'll let you know more about it. Coming back at 9?". You nod while trying to grab the books that you might have just left on the ground.

He picks it up and gives to you instead. "Thanks! See you tonight Jungkook". You walk out with him waving at you, starting his day with a goodbye.

———

"But Sir, the fee is too much? We've been staying here for six months already". He whines as he stands not far from the landlord, in the office.

Mr.Hwang is a nice guy but maybe he has something to do with the apartment building so he changes things up. He knows Jungkook and vice versa. But again, deal is a deal.

"I'm upgrading the wifi and also the heater systems. It's not that much Jungkook. If you ask around,

maybe your friends, they will say you are paying the lowest rent".

Somehow what he says is true. An apartment with two big bedrooms, two washrooms, a kitchen with dining counter, a living room with TV, a shoe closet at the front door, a balcony and an oven! It's like a complete place to stay.

"Sorry Jungkook, there's nothing I can help with". He pats his shoulder before he leaves Jungkook alone. Now, he has to think of a way to get extra cash.

———

It's about an hour before you're going back. Being in this coffee shop from 3pm to 9pm is not that bad. You love coffee. The aroma. The smell. The taste. All good vibes.

Plus your boss here is a great one. Your shift partner is the greatest one! Not too mention that he's like the best friend of yours since he knows a lot about you.

knows a lot about you.

"Do you think if I work during the weekends, maybe half day, I will get some more money?". You ask Taehyung who is now just cleaning up the stations behind him. Customers are slowly going out, since you're closing in an hour.

"You wanna work on the weekends? Then when will you do your assignments? When will you rest? Boss will not be happy if he knows you're working non stop".

That's an honest opinion of him. He just doesn't mind of you trying to get more money but he minds if you have no time to sleep or what. This shouldn't be a problem if your family is supporting you with what you're doing now.

"But I want to get more money". You pout as your hands wiping the counter. "Like now? I can lend you some".

"No I mean every month". He smirks and raises up his brows, abandoning his cleaning job for a while. "That my sister, you have to find a sugar daddy. Just flash some tiddies and bam you're a thousand richer".

Sorry but not sorry, you throw the mini towel right at his face. Lucky him, he catches it. "Oh god no! I would never ever want to get money with my tiddies out for people to see".

He throws back the towel at you. "Why? Tiddies not pretty enough? Awh come on, then I don't know, rob a bank? Boss will not give you the weekends shift, believe me".

And indeed, you asked your boss about it. He said no because he knows you're not having enough time for yourself and studies. Plus someone else already work for the weekends shifts.

Now how to get more money?

———

"I'm back!" You shout as you enter the apartment with a delicious smell. Quickly you run to the kitchen. Of course whenever if he doesn't go to work, he always cook.

"Your ramen is that one". You point at the pink bowl and he nods. "I made some Japanese ramen, hope you like it". Without waiting for him, you eat it first. Soon he joins in, sitting opposite of you.

"This is so good!". He slurps his ramen and somehow amazed by his own cooking. "No cap! This is good! First time ever making it".

You're done with it. Finished it in maybe less than ten minutes. He's faster though. "What about the meet up with Mr.Hwang? Did be considerate to not make us pay more?".

He slurs a bit and rubs his neck with his palm. "I did talk to him but we still have to pay more". You can't think about a thing. Should you just really be showing your tiddies to some old men?

"I tried to ask for weekends shifts but my boss said no. We really need to figure out about something". He bites his lips and gives a mysterious stare at you. "I kinda figured it out but I don't know if you're gonna like it".

This sounds suspicious. "Tell me". You are ready to hear his idea. "We're gonna make tons of money for sure and like asap".

You shut your eyes for a while, knowing the direction of this conversation is. "Oh no Jungkook, please no drugs dealing".

"What? No!". Oh. Now you're curious. "Then?". He inhales some air and exhales it out. He's looking so serious right now.

"What about .. if we do .. porn?". A what???!!!

16.4K ★ 816 790

You clap your hands together making this loud sharp sound and Jungkook, for no reason, jolted a bit when he hears that sudden clap.

"Ahhhhh I get it! You recording porn? As in you go to the ... what do they have? Umm entertainment building? Whatever! And you record their porns? Nice!".

Jungkook has a huge ass feeling that his roommate is clueless as hell now. Not that he doesn't want to film someone's porn but he rather be in it. Because why not?

"No y/n. I mean us two do porn".

That takes a while to process. You do porn? He does it too? So it's not him recording other's porn but you two be the porn stars at their

entertainment building!

"What? You want me to ... to flash my tits and get money?". That's exactly what Taehyung said earlier. Flash some good quality flesh and get money. That's how we roll in life these days.

"I mean ... not just that but everything else too. I show my dick too". Oh. That's the catch. Not that you're a pervert but you have to see something for science purposes.

Like is his dick healthy or not. Or is his dick pretty or not. Or is his dick tasty or not. You've been getting some images of his bulge under the sweatpants or other pants and that makes your mind imagining stuff.

Not your fault he walks around having such body and hot face! Girl gotta have some imaginations too!

"Maybe you do it alone first and test the water??". Jungkook

really knows you don't freaking understand a thing! "Y/n. I said we do porn together as in I will record ourselves doing porn together".

Well please wait for a while. Trying to tightening up the loose screes in your head to understand that.

Now only you understand! He wants to do it with you here at home. "You want to ... fu ...". You kind of stutter. The words don't roll on your tongue. Need help!

He runs his fingers through his hair. On god please don't do that. "Yeah. Like I have sex with you. If you think it's too much, maybe we do something light? Hmmm I eat you out or finger you or even you give me a handjob, blowjob".

He-he wants to fuck you? Lol even the author is stuttering. The hell!

He wants to eat you out? Give you a good fingering session? Like mow you're staring at his fingers.

Tattooed and have these silver cool eboy bing rings all over. Fuck!

And he wants you to give him a handjob or blowjob? As in you're going to freaking hold his dick and do some rated shit with it. Holy moly!!

"How can you know this will work?" He snaps his fingers as he knows you will ask him about it! "I watched some and wondered about it today then I searched it up. It's like YouTube, register and put contents".

Pause! He watched something today? Oh god now your head is thinking of him jerking off! Fuck you dirty mind! Get the fuck out of my skeleton.

"We link our cards in our profile. Then get money depends on the views. I bet we can get money that easy! People never stops watching porn". He is really enthusiastic about this.

"Will people watch us though? I have doubt. I mean I'm not that pretty to be in a video". He is surprised you say something like that.

Honestly, it's definitely a lie if he doesn't at least jerk off because of his roommate once or twice or maybe more. How can he not? The girl walk around the apartment in sexy gowns, booty shorts, towels! He's so dead to see you in those.

"Are you kidding me? You're pretty! A hundred percent people will watch you beg or moan. Unlike me though". What? He can just show his abs and people replay that video hundreds of time!

"We can be the amateur couples. We don't need to show our faces, I'm good at finding angles to film. So don't worry about it". So just your body and voice then?

Not going to lie it's a good idea but also a bad idea. If the college

knows you've been fucking on screen, you're done! But at the same time, you finally get a taste of this Busan man's sex game.

"Why-why do you wanna do it with me?". You ask him while shooting him your puppy eyes. That's just your habit actually and he's dead by now. Imagine he gets those pleasing eyes, begging under him.

Oh god stop it Jeon Jungkook!
Get yourself together. He says to himself.

"Because we're in this problem together plus I'm comfortable with you to do it again and again". Oh wait damn! He wants to fuck more than one time?

"If you don't want to do it then that's fine! I understand! We can find another solution". He says and a second after you reply him. "No, I'm fine with it".

"Really?". He just wants to make

"Really?". He just wants to make sure it's really fine for your side. "Yeah! If it can help us to get money fast then why not?".

He wants to jump but he can't. He should hide his excitement. "Great! Maybe we can talk more about this? Like listing down our do's and don'ts plus our kinks".

Kink? Ah shit. You can't wait to discover this specimen's wild kinks.

"Now, go and take a rest. I'll clean up everything". He ruffles your hair again, that's his habit on you.

You guys really gather here because it's kinky Kook story 0_0

_____

Why are you so needy? Oh man no! Why are you so nervous? Autocorrect!

You just have Jeon Jungkook right infront of you wearing decent clothes (as in his usual shorts that literally rile up showing his muscular thighs and a sleeveless black tee).

Decent for sure!

He really woke up looking like a whole meal not just a snack. A whole freaking korean meal! That you can't and don't want to eat. Maybe.

He's been staring at you, or maybe it's you delusional self that think he is staring at you but he's not or maybe he does but yeah okay.

Want to get into his head? Yeah! He is now thinking about why the hell is his roommate decided to wear a freaking baby tee and a booty short? Like why?

Is his roommate trying to kill him? Or is his roommate try to murder him? Either way he's dying. Zero regret. No! A lot of regrets because he died before anything!

Now how is he going to focus? Plus he's there with his roommate to discuss more about the brightest solution ever! Wearing like that to discuss kinks. On god please!

That's Jungkook's mind. You're welcome.

"So ...". You speak first since he's been in silence the moment he say down. "So we're gonna list down

our rules and stuffs. I have papers and pens".

He has to be brave and act strong. Act like this is nothing to be nervous about. Ah! He's a traditional kind of a guy. Using paper and pen. Why not phone? Or laptop? Let him be!

"What's your do's when having sex?". Oh shit! Why is he attacking you way to early? Like no hello or pep talk? "Um... it's what I like right?". He hums as he nods his head.

"What do you like?". Instead of answering you ask him. "Me? Let's see. I like to manhandle my partner". Abort mission! Abort! I say abort! Strength kink what the hell? Why is he feeding you!!!

"Oh". That's your answer. He writes that down on the paper. "Do you like to be spanked?". Oh god why is he doing this to you!! "Or maybe role play?".

Damn him. How he knows what you want! "Ye-yeah".

"Which one? Spanked or role play?". He is making it difficult! "Both". He nods as he jots that down in the paper under number 1.

"Me too. I kinda want to wear I don't know like a doctor suits or police suits or hmmm teacher outfit but sexy version. You think it looks good on me?". He stares at you.

Of course! Imagine all that. Oh my god! "Absolutely!". That's a bit overboard! "Good! Maybe you can be in those outfits too". Yeah, you will arrest him for sure!

"Since you're into spanking, ummm bondage? I tie you up or cuff you... maybe you tie me up, I don't mind". God is this sinning? Is this really a sin? Because you are way too deep in this!

"Yes! I think we can do that!". He smirks while jotting down more kinks. "Sounds like you're excited for this". Is it necessary to tease you? Oh wait tease!

"Jungkook". He hums. "What about edging?". He raises his head up so fast. "Like you edge me but I can't cum until you say so?". He is a mind reader. He's the Xmen Xavier!

"Yeah".

"Sure. Edge me as much as you want too. Then, can I do the same to you? You have toys y/n?". He actually knows you have them. It's a lie if you say no!

You nod instead of giving him a verbal answer. "Great! Use that on me ... if it's possible. Like your vibrator. You want me to buy more? For me and you maybe? Cockring?".

He is a professional porn-ner! Is

He is a professional porn-ner! Is that even a word? But if he wants to buy it then why not!!!??? "Let's buy together!".

"Alright! Anything else? Oh! Are you sub?". Oh shit is he into this BDSM thingy? "I can be both". Now that's he like! "That's good! I'm mainly a dom, but yeah you can dom me anytime you want".

Is that all? Yeah you think so. "Y/n... what about choking, gagging, begging, collaring, dirty talk, bilndfold, age play?".

Wow. That's a ton shit of list. "Yes, yes, yes, yes, yes, yes and yes". And that's a ton shit of answers! He's smiling, writing it down asap. Most of it suits his taste.

"Since you like age play, meaning you like to call me daddy then?". You nod. Of course! Who wouldn't?

"What do you want to call me?". Getting a little bit bold! "I'd love to

call you baby, doll, peach or angel or anything you want".

Why every pet name he said are all so cute! "Do you want me to call you like ... sorry to say this ... b*tch, sl*t, wh*re?".

"Sometimes but maybe just sl*t. I don't like others that much". He understands that clearly. You're a literal baby, he knows that. "All positions are fine? Favourite one y/n?".

"Hmm... when you're on top of me". He knows that too. You want him to watch you squirming under him. Can't lie, he likes that too. "You?". You ask.

"Doggy, of course. But wall sex is good too". Yeah that strength kink is showing up again. "I think we're done! If we have any other stuffs discovered when we do it, we just add here".

That's not that hard. Only to start

That's not that hard. Only to start the conversation is hard. "We can start whenever you want!". You're kind of shy too actually. Never been with him even after too many times of thinking about him.

"Can we do something light first?". Now you're puppy eyes are on display. He fucked up!

"You want me to umm finger you? Play you with your toys? Or you want to do me? I don't mind either way".

Oh damn. Now what? You do him or he does you?

17.4K ★ 757 685

You are sitting next to him, with a laptop infront of his face. Of course his laptop not yours. There's no way you're going to use yours for this.

His fingers stopped moving as he's stuck at this one page. "What username you wanna put?". Yes! You and him are now opening up an account in this porn website.

Right away after the 'kinky' discussion, you two go straight ahead with the account. To learn more about it.

"I don't know, what can we put? Cute name?". He hums as he thinks about. It can be literally anything since people look for the videos not the username.

"What about -bunnykitten-?". Sounds like a kid's username in Twitter and she or he isn't allowed to be in the platform just yet. "Why bunny?".

"You said something cute? Bunny is me, you are my kitten". That's maybe a slip of the tongue. There's no way he wants you to be his kitten. My kitten. Love that pet name.

"Got any other ideas?". BunnyKitten sounds fine. It sounds like people will definitely go to the page. Especially the man since most men like to see cute stuff. Maybe that's just an assumption.

"I think it's fine. Do we need a profile picture too?". He types in the username and looks at the profile picture section. "Yeah, do you want to take some now? I have my camera".

He literally stands up and searches for his camera at the corner of his

room. Now what kind of pictures are in his mind? With a big chunky camera in his hand, he sits back at the couch.

"What kind of pictures you want to put?". He asks while checking the settings of the camera. "I'm fine with anything you want". Now that is already a submissive baby. Not even the start but you're submitting yourself already.

"Alright then! Turn around, and raise up your butt for me".

That's a bit too fine for you. You have to shove your cute butt to his face now? He's waiting now. You bring your legs on the couch, slowly being on your knees, butt served up for him.

He pumps up his hand so it'll be a bit veiny and sexier. He doesn't wait any longer but to just grab a fistful of your butt, using his tattooed hand that is covered with big silver rings.

Snap!

It takes just a few seconds. Without his consciousnesses, he pats your butt as he wants you to sit again. That makes your cheeks turning red. "This looks really hot to me".

He shows a picture of your butt that is covered half with your booty short, and his tattooed hand is just too perfect. You definitely need that to make as your phone wallpaper.

He bluetooth the picture to his laptop and immediately puts it as the profile picture for the account. In no time you two finally have an account in this porn website!

"Now ... we just need to upload our videos. That's all". That's all? That's the scariest part! To film with him. How to even film with him or him filming you. You're going to be dead for sure!

"Wanna practice our angles? So it's easier for me to set up when we do it". Of course you are nodding your head for this. "In your room Jungkook?". He nods as he leads the way to his room.

Fun fact! You never been in his room before. Ever.

His room is so dark and boyish. Obviously. "Sit on my bed". He says just that but your inner self is screaming. He grabs the tripod for his camera, putting a perfect lens to film.

"I already let the camera roll, let see if this angle works". He walks to his bed and climbs his own bed. "Come on baby, ass up for me".

On god! Send help!

You do as requested. On your knees infront of him. He is so .. He has no shame. He grabs your waist and pulls you close to his hip. "If you maybe, have to put your face into the mattress, just look at the other

the mattress, just look at the other way so your face won't be filmed".

This is his favourite position and it's killing you. "Now turn around, lay on the bed for me". You do that and he spreads your legs so he can be in between. This is your favourite position.

"This one a bit risky. Put your arms up on your side of your head so your face will be covered". He leans down close to your face, act out the kissing scene or whatever. "People can see your side face"

He smirks. "That's fine. My side profile is the attraction. For any other positions, your face won't appear. As in you ride me, spooning, any others". He really is dedicated for this!

He gets off of you, sits at the edge of the bed and pats his thigh for you to sit. "Wanna see if this is fine". You sit on his lap and he pats your legs to open wide. Without

conscious again, he caresses your inner thigh.

"When I finger you baby, don't squirm too much or else you'll be in the video. Okay? Can you do that too me?". Why is he staring at you? This is insane!

"Okay! Jungkook..." he hums. "What if when I wanna suck you? My face will be in it for sure". His breath just choked in his throat. Suck him? Damn.

"Then, I have to hold your head at both sides. If fails then we keep that video for ourselves then. Anything else you wanna ask y/n?". So far no. You just can't think because you're on his lap with his fingers caressing your thighs. "No".

He smirks. "Then wanna film one now? Just for testing". Your eyes can't hide the fact that you're so surprised by his request. "What-what you wanna do?". Since you're on top of him, there's

nothing else he can do.

"Lemme play with you, see if you're fine with my touches". As he stares at you and slides his hand into your shorts. You literally jolted your body and hold his arm when you feel his fingers running along your heat.

"What a sensitive baby we have here hmm?".

6

He doesn't even finger you, just running his long sexy fingers along your sensitive heat with his dark stare focused on your face.

You mewl because of course you're needy even by listening to his idea and now to have him touching you, you are way more needier.

"Why kitten? I didn't do anything. Just touching what's mine later on". He says in a teasing manner, tongue licking his bottom lips and you are just so done with it.

His cold silver rings hit your nub, your jaw opens wide, hands holding his hand as if you are asking him to stop but you don't want too.

He pulls his hand out of your

He pulls his hand out of your shorts, finally! What makes it even more crazier is when he sucks the fingers into his own mouth, probably tasting you. This is real life porn!

"Can't wait to eat you out baby". Oh please. He can have it now. You're willingly to spread your legs now for him and he can eat you until he's satisfied.

Your lips are numb. No words are coming out of it. Your brain stops functioning for a while too. Thought that alright is this the end? Since he already knows how sensitive you are.

"Wanna touch me then? To see I'm sensitive or not? To get familiar with?". He shoots this many questions and all your answers are yes yes yes!

"Alright, touch me as you please". He takes your little hand

(compared to his, it's big), and he slides your hand in his shorts. You can see a tent already, you know he's hard.

And finally you're touching his shaft. He digs both of his palm into the mattress, giving you the freedom to touch him however you want it. "Go on kitten, touch me".

You're wrapping your fingers around him, god how hard is this? One hand isn't enough to cover, you need both hands to touch him. You run your fingers along the side, from his base to the tip.

He just stare at you while biting his bottom lips, trying to not let out a groan. You're way to focus, staring down at his shorts, wondering how it looks like.

You run your finger across his slit on the tip and he holds himself to not buck. "Are you liking it?". He asks and of course you nod. "But umm .... Can I see it please... really

wanna see how sensitive you are to me".

"Take it out from my shorts then". He demands and you wait no more, you take his cock out of his shorts. It springs out and standing tall for you. It's thick and long. Oh you just want to suck him off so bad.

"I'm so so hard for you baby". Definitely. You can see it. The tip is red, aching for touches. You cup his tip and fondle it, making him hissing out a breath. "You're so sensitive ... daddy".

Heh. Now you're teasing. Just want to see how he react when you say that to him.

He's choked with air that he's breathing. Fuck. Are you really trying to kill him? Calling him daddy right away? When he has his cock out on display. He wants to really fuck that hands.

"I am. Baby, can I ask for a request?

Lemme fuck your hands baby, I wanna cum so bad for you". You wrap your fingers around him, nodding for his request.

He wraps his fingers around yours and starts to pump himself hard. The speed is fast, he's pumping his cock using your fingers fast. He even throws his head to the back, mouth opens wide as he lets out groans for you.

When you know his pace, he lets go of your fingers. His head fall to the front again, eyeing his cock that is being played by you. "Is this good daddy?". You ask him, wanting him to cry actually.

"Yeah baby. Doing such a good job. I'm gonna cum for you". The word for you is so romantic but the cum part, nope. But either way, you love it. He starts to buck his hips up to meet your pace. Totally near the climax.

"Coming..." he says as he spurts

out his cum. Flowing out of his tip, falling on your hand. His hip stutters as he cums. Your hand around him are covered with his cum.

You take your fingers near your mouth, eyes darting at him and tongue licking his cum clean. "Fuck" he curses out under his breath. Never had a girl tasting his cum like this before.

You hands are clean. You dart out your tongue at him, showing that you swallowed his cum. "God you're gonna be the death of me".

You lick your lips for him. Trying to make him go crazier. "Tasty...". He really just want to pin you down and fuck you so bad right now. He just can't do it anymore. But this is just a start.

He puts his half hard cock back in his shorts. "You have seen mine baby, show me yours". He asks. Should you? Instead of doing what

he asked to do, you stand up on the ground.

You grab the hem of your baby tee, slowly pulling it up exposing more of your skin. His eyes are shimmering, can't wait to see those round boobs. Bottom view is there on display, now waiting to get a view of your perky nipples.

However, you stop halfway. Pulling the shirt back down. "Baby what?". He wants to argue so bad right now. "Not my fault you can't keep your cock for yourself. You'll see mine when I it's time".

You wink at him and walk out of his room. He really been played? Teased? God this is so on.

This might be a bad solution then. He might died because of you.

It's Monday and you don't know how did you survive the tension between you and Jungkook for the whole day of Sunday. There were a lot of eye fucking.

There were times where you had to, really had to watch him doing normal chores like doing his laundry or cleaning the living room or maybe not even chores but necessity in life as in eating.

How can a man eating a stew looking so hot? The sound of him slurping it gave you headache. The way he licked his lips because of the stew drooling out of his mouth was sexy.

Not to mention that he literally tried to tease you as much as he can. He wore apron that covered

can. He wore apron that covered his front body but not the back while cooking. He also wear this very thin layer of shorts, you can see his bulge even when he's not hard.

Lastly, the way he stared at you. It's like a signal of 'I'm pounding on you in a few and going to make you cry so bad, you don't mind me to just keep on pounding until I want to stop' kind of a signal.

It made you blushes. Made you wet too. When you asked him why was he looking at you in a certain way? He answered "Analysing my future subject". Sounds so hot because it is hot.

Ever since he talked out about his solution to not move out, you and him never been this quiet. All just giving signals, teasing and teasing.

Now, you're supposed to go to class. Quickly you bolt out of your room, wearing your shoes. You really left

your book on the kitchen counter and struggling to get it.

Jungkook who is also need to go out for work, takes the book and hold it firm in his grip. "Are you always leaving books on the counter so that I can take it for you?".

"No, I have to wear my shoes and that counter is the closest place to put my book". He stands infront of you, still not giving you your book. "You can put in on the floor next to you though". It's knowledge! No way near floor!

"Gimme that. I'm so late for class". He shakes his head. "Ask properly". Is this a sudden manner class you're having now? "Can you please give me my book? Please". He hands you the book with a satisfied smile on his face.

"Good girl. Better practice that out cause you'll be using it a lot later. See you tonight pretty". As

he walks back to his room, leaving you almost wetting yourself.

———

The whole shift at the cafe is crazy. You keep on imagining scenes with him there. Like you bend over the coffee counter for him and him pounding in you at the washroom and even dipping his cock in coffee for you to lick it.

Oh god what the hell? Why are you freaking weird? Who the hell do that? You give yourself a couple of soft slaps on the face.

"Are you okay? Stressing about the shifts you asked to work on?". Taehyung asks as he's now worried about you. Having a loner crisis next to him and the customer can see it. "No! I was just freshen up my face!".

Good save. He believes that since he doesn't want to ask any further. Woman is complicated. They can

make a single sentence to an essay. So he better avoid that and just agree with everything you say.

"So have you thought of a way to get more money then? Since you can't get the shifts on weekends". He really be asking you this when that's the thing you're trying to not think now.

Yeah Taehyung. By doing some porn with my hot sexy roommate. That's the answer but no way you're going to say that.

"Yeah....". He is waiting for the answer. Eyes shaking a bit. Nerve wrecking! What are you going to lie now? Rob a bank? Steal this cafe's money in the cashier?

"I do-" you couldn't say more as a customer walks in and he catches your attention. Holy moly it's your roommate!

"Hoo shit... hot guy alert". Taehyung smirks at you when he

sees the another hot specimen walking towards the counter. He wears this all black leather looking outfit. God he looks so good!

"I would like an iced americano please" as he slides his card to pay and eyes on you. "Please wait at this side while we make your coffee". He nods and stands at your counter.

You want to make coffee but he is staring. Out of so many cafes why here? "Go on". He mouthing and you make his coffee as requested. You hand him his drink and he takes a slurp for a quick taste. "Tasty". And soon he leaves for home.

Taehyung suddenly grabs your shoulder, shaking your body. "Holy shit! If that guy is near me I would be on my knees". And are you going to do the same then?

You walk in the apartment and he's

You walk in the apartment and he's already there in his room. You can see his camera on the table in the living room, maybe he's checking the photos he took early this morning.

When you're done with your bath and everything, you walk out to see if he's out yet. Indeed he's with his laptop. You plop your ass next to him, looking at the products of his photography.

"I don't see a thing??" As it's just a black screen. "I didn't open the cap yet". He takes the cap off the lens and the image of the couch is in the laptop. "Are you testing your camera?". You ask with no clue in your mind.

"I'm filming us now". Pause! What? He is leaning closer to you and you can't move. "He asked us to pay in a week, so let's do it now. You smell so good too". He says as his nose trails on your neck.

Honestly you want him too. You just need him. As you slowly let him to hover your body, him in between your spread out legs. You can see you and him on the screen, nothing but just body.

He caresses your legs, as he leans down to your side. Lips near your ears. "I really can't stop thinking about you. Let me eat you out baby". He whispers in your ear.

Reason why Jungkook can't help it but to just have you right now and then is because of himself.

Somehow he feels like the solution he gave is a good one but at the same freaking time, it's a bad one. Good as in fast money, both parties are mingling together. Bad as in he can't think straight.

He did think about his roommate quite a few times before but never tried to get close since there's no reason to do so.

Wouldn't it be weird if he suddenly asked "hey, let's fuck!". He might get a slap on the face or maybe a fuck, who knows.

Either way, now he can approach easily. Yeah yeah, man will always

be man. But again, he won't just pin his roommate down on the floor or bed or wall and force her to do things with him.

He always asks for permission. Like a good boy. Like this.

"Please baby... I really need you. I just can't stop thinking about us doing this together. Will you let me? I be a good boy for you. I eat you good".

And now you wonder two things. One : Does he really a pro at this? And two : isn't he a dom as claimed, why is he begging?

Those puppy eyes infront of your face, begging to get a taste. No way on earth you can say no. Like look at that face. (OJO)

"Okay". That's all you can say. What else to add? Okay please now eat me I can't wait. Freaking yeah I want to feel your tongue. Man wish you can say this but you're a

coward. Also faking to be shy.

"Thank you baby. Gimme a kiss first". Well, this is the first kiss ever between you and him! You kiss his lips and the hell, it taste good? Like give me more of that lips. Thin cherry looking lips, yes that one please.

He slowly crawls down when the kiss is done. He grabs the hem of your shorts and pulls it down, taking it away from covering your skin. Legs are still closed, totally hiding it from his sight.

His palms on your knees spreading it apart, giving him what he wants to see. The way his eyes are growing a bit bigger and lips are salivating when he has what he wants right infront of him.

Your heart is beating fast when his head slowly going down in between your legs. You glare at the laptop screen and your leg really covers his face when he leans down. You throw your head to the

down. You throw your head to the back, letting out a breathy moan the moment you feel warmth.

His head is moving as his tongue is lapping your heat. He gives you a long lick, from the hole up to your nub, clearly making your legs trembling in the air.

He pushes your legs wider, wanting to get more access of it. The sound of it is so dirty. He laps your folds as if it's candy. He sucks your clit hard as if it's a mini lollipop. He licks your pussy as if he spills something and needs to get it clean.

He does take some breath as he lifts his head up, just to stare at you with his tongue out licking his own lips. Soon he dives in again taking another taste of you.

He moans when you moan. His fingers dig deep into your thighs, no sign of letting you go. Even when you're shaking so bad, body

spasms a lot under him.

It's too good up to the point you have to push his head, asking for a few second of pause to regain your sensitivity back. But you want more. That tongue will make you cum no matter what. That's his mission for the night.

It's not about him but it's about you. "You okay kitten? Can I continue?". He asks with his tongue out, literally asking for more. You nod. Thought that he will dives in immediately but no.

He grabs your hands and places it on his head. "Grab my hair. Use me baby. I want you to use me to cum". Damn. Is he a toy? Doesn't look like one. There's no way a dom be like this.

Ah. Maybe a soft dom? Maybe not?

You do as he said, grabbing a fistful of his hair and starts to find your pace to get off. He just follows what

you want, eating you out good. You're so close since you can really feel it.

With his help, he eats out faster and you arch your back as you cum. Legs are clenching and he lifts his head up, closing it for you. Oh he wishes that he can see you squirming like this for him every night.

He pushes your legs wide apart again, staring at it clenching and swollen just because of his tongue. Good. He gives a quick kiss on your pussy before hovering your body.

His fingers pushes your hair that's covering your face, he wants to see you. "If I ask for another kiss, would you give me?". Of course you would! You kiss his lips, tasting yourself.

"Such a good girl. Baby knows how to use me for yourself. Wanna do it again later? I eat out your cute little pussy hmm?". You nod,

grabbing his face for another kiss.

He pulls his body away from you, picking up your shorts again. Helping you to wear it back. He clicks the button to stop filming and it's saved now. 15 minutes. You've been eaten for 15 minutes.

That's long.

You can see how hard he is in his pants. "Can I do something for you?". You ask. "It's fine. I can take care of it myself later". He just doesn't want you to think that you have to give back for the things he did on you.

He grabs your face, giving you a peck on the lips. "Thank you for tonight. Now go to sleep, I'll edit and upload this video tonight".

And by that he means, he watches it a few times to get off, edit then upload.

You wake up from the long good slumber around 8 in the morning. The weather is nice. The mood is good. And you feel great.

Washing your face and brushing your teeth before walking out of the room. You can see Jungkook's laptop and camera on the table in the living room. Still at the same spot.

But Jungkook isn't there. Maybe he left everything there and slept in his room. Either way, you are still going to the kitchen to make some easy simple breakfast.

You have a class around 11am today so there's no rush. You can eat as long as you want too before the class starts. Bread and Nutella. A great combo. Nice choice.

"Mornin'". You look at your back in a second. Jungkook is in another shirt and shorts but still looking hot. "Breakfast?". You lift up the bread and of course he will say yes.

Nutella is his favourite!

With a Nutella spread bread hanging in his mouth, he walks to the living room, switching on his laptop. You follow him a few seconds after.

The moment you sit next to him, he taps your thighs and pointing his finger at the screen.

"Almost 5000 views!".

What? Wait. The thumbnail is literally his head in between your legs. People really click on that? Wow. No showing tiddies or what but still get views.

The title is a unique. 'How to eat your supper". Hashtags #Eatout #Tasty #Goodeating #Eatpussy #Bigcock

The last one shouldn't be there though?

"Look at the comments". He scrolls down the page and there are lots of comments underneath the tab. Comments such as ;

+ Wish I can get someone to eat me like this
+ I love her moans so much
+ The way she catches her high using this guy, so hot
+ I'm a man but this guy side profile is way too good
+ Wish I can see more of her pussy

"People like our first video!".
He already finished eating his bread. Fingers are dancing on the keyboard, scrolling down to read more comments.

"What time did you sleep last night Jungkook?". With his eyes are still glued on the screen, he answers your question. "Maybe around

1am? The video is easy to edit".

Yeah that's a lie. It was easy to edit it but it wasn't easy when he had to jerk off a lot every time he watched the short clip. That's why he changed his clothes to a new one.

"Is it enough money to pay for the rent?". This is a legit question. How much did you two get from a clip. "Nope. Long way to go".

Meaning you have to record more videos with him then? That's good news then! "Jungkook..". He hums as he updates a few stuff in the profile.

"When will we do more?". That question snaps his head at you right away. "You mean when to do more filming?". You answer him with a yes.

"Whenever you want. I'm free every night. Let me know when you feel like it then". He scrolls back the page, giving the laptop

his focus and attention. "What you wanna do next baby?". He asks.

"What you wanna do?". You ask back since you just want to listen to his answer. He might have something in mind and it's up to you to work with it or not.

"Me? I would definitely want to fuck you". Oh. Kinda choked a little bit. He really is straight forward! "But since most of the feedbacks we got now, they all wanna see you more".

You don't understand that part now. "I don't understand". He faces you, now putting that laptop to the side. "It means that I'll finger you next".

That doesn't reach your mind. Not even near your brain. How the hell fingering comes in this conversation?

"No-not sex?". He smirks when he listened to you stuttering. "Awwhh

kitten wants that? We'll get that later okay? For now, I'll finger you good".

Well fingering isn't that bad too. You like it and if it's him who is doing the work the yes sign me up!

"You haven't gotten anything yet. Why don't I suck you off? Can I?". You beg because you want to also give him something. Bonus is to have him in your mouth too.

"You really want it don't you?". He scoots closer to you, caressing your cheeks even though he is being all horny now. Not even romantic but the caressing part is romantic.

"When we have sex later, you'll gagging with my cock okay baby? Suck me as long as you want". You nod because that is not a bad idea. That's a good one! Can't wait to do it soon!

"Are you okay with me fingering you next?" He really doesn't have such shame. Always go straight

"Are you okay with me fingering you next?" He really doesn't have such shame. Always go straight forward to the point. You nod, can't even speak since you're choking with his stare.

"Good! Let's make it as a pussy training". Such training available. It's basically pleasurably and a few did something bad that is over the limit.

"Later tonight or any night you want, bring your toys too". Ah shit! Is he going to play with your toys. Damn you're going to cry.

"Can you squirt baby?". Oh no. You can't at all. Even when you tried a lot alone, you can't squirt at all. "No". His eyes brighten up when he hears that answer.

"Gonna teach this baby how to squirt then, tonight okay baby?".

Taehyung has been talking and talking mostly about how he met this one rude customer that really threatened him to spread him in his TikTok. He didn't do shit! He was just making coffee.

But somehow that customer thought that he was trying to make him late for work. Not his fault he wanted some bubble tea in the earliest morning. He could've ordered for something easier to make.

Like plain water.

"I bet if he knows how many TikTok followers I have, he'll be leaving without even trying to take his bubble tea".

He once said that he has millions of followers in TikTok and all he did was playing with his dog, eating, travelling, working and maybe something doing some dumb stuff. But he has the face so anything works!

"Just let it be. Maybe he's a bit stressed about life". That doesn't make any sense? Then he doesn't have any stress? Only that customer's stress is valid now? "Lucky him I can't use my phone while working or else... he'll be dead!".

It is a bit of a hectic day since a lot of people wanting some cold beverages due to the global warming we are having now. You are really tired. Hands feel like jelly, legs are so close to give up.

But hey, the cafe is making money!!

"I'm gonna passed out". You rant to Taehyung who is having his eyes opened wide, looking at the front

door. "What?.

"Hot guy alert!!". Without even thinking more, quickly you stand up to see that guy. Is he really hot as said to Taehyung?

It's Jungkook again. Wearing this whole sweatpants jogging style. Yeah this is hot guy alert. He is damn hot.

"Iced Caramel Latte please". He pays for the drink and stands at your counter, watching you make his drink. Is he here to make you feel nervous? Or is he here to bend you over the counter?

The latter one is nice. You can bend anywhere for him. He can do whatever he wants.

"Tough day today?". He asks as he reads the receipt in his hand. "Yeah. Customers coming in non stop". Taehyung is busy taking orders while you busy preparing the drinks. Sometimes he helps you

with it.

You slide his drink on the counter, passing it to him. "Don't worry, you'll get rest tonight". He takes his drink and walks away. Does that mean you really will do nothing with him?

"I swear girl, that guy's profile is sharper than the knife we have here in the storage room". Taehyung can't seems to get over the hot guy. He's yours back off!

———

"I'm back". You say out loud as you arrive home. You want to take a shower quickly since you feel your body is way too sticky in sweat. Smells like coffee too! Jungkook is not at the living room and no sight of his equipments too.

Okay. So no filming tonight then?

When you are done with everything, you can hear some knocks on your door. Jungkook

knocks on your door. Jungkook. "What-". You can't finish a word as he grips your wrist and drags you to his room.

He pats on his bed for you to sit. Looking at the camera and other stuffs in here, there might be some filming tonight!

"Are you tired?". He asks since he doesn't want to make you feel tired because of him. "Tired yes". He just says an Oh. No filming then. "But not tired for you". Now that lifts up his energy.

"So we can film another video?". You nod. Of course. You want that. "Oh god! Yes! Lemme take care of you". Well today you're wearing a night gown so it's easy for him to do his stuff.

He runs to his camera, clicking the button to record and runs back to his bed. He sits next to you, kissing your lips as he slowly lays you down on his bed. "I bought you a

new toy wanna see?".

He shows this one medium sized vibrator. Black colour of course his favourite. The setting is low-2-3-4-high. Well damn, is the high setting going to give you your high?

You can feel yourself wet. Just by him kissing you and telling you about the toy. "Please.. now.. want you now". You beg just like he did last time. "Okay baby. Gonna make you squirt on my bed, get this pretty pussy wet and then I eat you out. You want that baby?".

God yes!

"Want it!". He finds that cute. He kisses your lips one last time before sitting up straight, bending your knee and spreading it wide. Now people want that view? Yeah take it. He some how has to share this view to others. He's kinda jealous though.

This is mine! He says in his head.

His fingers slowly running on your surface. "Kitten... you're wet". As he rubbing your clit, making you jolted your body a bit. He loves this. Playing with you is how he likes to end his day.

He leans forward to your face, fingers are still at your heat. "Here's what we gonna do baby. I finger you fast until you squirt on my hand. Then I rub the vibrator on your sensitive pussy until you squirt again. Gonna give you a couple of hard spanks until you squirt on me. I do all the work. Can you do one thing for me baby?".

The long ass description. Wow. You're totally wet now! "What is it?".

He smirks as he plunges in two fingers in you out of the sudden, making you moan out loud right infront of him.

"Moan like that loud and clear for

Author's note : why do I feel like this book is so rated? Am I really writing this? Moving on~

———

The camera angle is directly filming your lower body, your legs and your ... yeah. Even if you lift your head up, nobody will see your face. Oh, includes his thighs too since he says that maybe some girls would be drooling over them.

Oh yeah of course! That thighs can ... break your neck and you would say thank you lord. One day you want to ride that thigh. One day. Really one day.

He knows people love this kind of bad boy-ish vibe so why not he shows the viewers his well inked

tattoos? He doesn't wear rings though since he doesn't want you ended up in the hospital.

He decided to wear his silver chain or bracelet. Just to add a bit of a wow factor or he is so hot factor. You can just literally wet yourself by looking at his hand. And if he flexes it, then you'll be wetter. And if he uses that tattooed hand on you, then you'll be the wettest.

Not sure if that is a word but any word can be a word if it's related to him.

He holds one of your leg as the other one, he asked you to hold it yourself. Well spread for him. Sometimes he wonder why the hell is he not yet banging his own roommate? She's hot and ... so subby. He wishes to just grab you, pin you at the balcony and fuck you right there.

"Ready baby?". With a nervous self you nod. He starts to rub your clit

in circles, transferring his warmth from his fingers to you. Just by that you moan for him.

Again why isn't he banging this roommate? She can moan just by the littlest touch. He wishes to hear that moan everyday.

"You're wet baby. Are you that excited when you know I'm gonna play with you tonight? Hmm?". You can't say a word since his fingers are moving godly fast on your heat. "Gotta train this tiny pussy of yours to take my cock later on. Can you do it for me?".

"Yes..." out the breathy needy moan. "Alright baby, be a good girl and take whatever I give you okay". And by that he plunges in two tattooed fingers into your hole, fingering you fast.

Not just your legs are shaking but your body too. Your moans are out little by little since you kinda choked with it. Mouth opened

wide, eyes are shaky and legs are trembling when he fingers you fast.

You must be wondering which fingers? I know you! Imagine him doing the spiderman's shooting web hand (🤟), that two fingers down are the two fingers in you now.

You're moaning erotically under his touch. This man knows how to do things right. If he doesn't make you squirt then he fails his mission. That's the whole thing is about. Make you squirt for the first time. By his doing now, yeah you will squirt on him.

He doesn't even look down, he looks at you. How you try to take what he gives on you. How fucked up you look when you moaning loud for him. How your hands are trying so hard to not push his hand away. How your boobs are shaking and almost out of your night gown. He loves the image of this.

"Come on baby, make my bed wet". Your hips are bucking up since you're getting so high, you close your legs since you are now at your climax, hitting your orgasm that quick. He spreads your legs again and quickly pulls out his fingers.

And that's when you're squirting on his bed for the first time. The way your body spasm really makes him bitting his bottom lips. You're way too sensitive now. How are you supposed to take the vibrator now?

He leans down at your face with his hand gives your pussy a spank. You literally let out a sharp moan right at his face. He smirks above you, when you are being so responsive to his touches.

"Aren't you a good kitten for me?". He kisses your lips as he spanks your pussy again, making you moaning in his mouth. "So sensitive for me hmm". He spanks

one last time while he kisses your lips deep. "Gonna make you squirt again for me".

He grabs the vibrator near him, set it to the lowest point. With your pussy is still very sensitive, he doesn't care. He wants you to cum as many as you can. He presses the vibrator on your clit.

"Mmmm..." you close your mouth, restrain yourself from moaning. "No baby, moan for me. Wanna hear that sweet moan". He presses the vibrator along your swollen pussy and you're moaning so loud for him. Legs are terribly shaking in the air, you really want to satisfy him.

Soon he turns the highest setting and that's when you're arching your back, legs are closing because it hits your high right away. "God look at that pussy baby, I can't wait to eat you out again".

It vibrates on your bud so fast and

in a second, you squirt on his bed again. A lot of juices coming out of your body, all for him. He smirks when he sees you do it again. He throws the vibrator on the bed and quickly kneel down at the edge of the bed, lapping your folds.

Fuck this man is a walking sex!

The wet sound of him lapping your juices is so clear, you can just squirt again on his face. You know how he loves pussy. He loves it so much. He sucks your clit hard and gives a final lick before he hovers your body with his chin glistening with your wetness.

He wipes it with his shirt, panting above you since he doesn't breathe that much when he ate you out. "You're so good for me you know that?". He really can't help it now. He wants more. He really needs more.

"Lemme fuck you now baby, I can't wait anymore. I want you so bad".

The next thing you know, he is taking off his shirt over his head, revealing that toned body that you've been dreaming to see. Man his tattoos are up to his sleeves and shoulder.

That chests are so buff and broad. That abs are looking like some chocolate bars that melt you. Not to mention when the muscles flex, you're crying inside.

"Let's take this off. Wanna see you". He says as he pulls your night gown up to your head and throws it on the floor. Now he has you with nothing on. He can't believe this.

This is the first time for him to see the whole you. Naked under him. The boobs are just great, looking so

tasty for him to suck and play. He quickly kisses your neck, while he grabs your hands to hold his body. "God you're so pretty".

He trails down the kiss to your collarbone and slowly to your boobs. He darts his tongue out, giving your nipples a kittenish lick. Like a cat licking its milk.

One boob getting a suck from his lips and the other one getting a good squeeze. Your nipple runs through his fingers, he pulls it just to let it go. Making you hisses in pleasure.

He goes back to your face, kissing your cheeks and slowly nibbling your ear. Letting out some breathy low lusty voice. "I'm so hard for you. Everything about you makes me so hard".

He sucks your ear as he grunts. He lifts up his body again, having you trapped in between his legs. He gets off the bed just to grab a

condom near his mini table beside his bed.

The square foil is in between his teeth as he bites it. Hands untying his pants and slowly it drops on the floor. Giving you him with nothing but skin.

Hot damn. He's damn hot. The face is hot, the body is hotter but the kookoo is hottest!

When he says he is so damn hard, he means it. He climbs back on the bed, cages you in between him.
He tears the foil and takes out that thin layer latex.

"I wanna do it!". You shout and he gives it to you. You slowly roll the condom on his shaft while having him hissing because of your touch. Perfect fit!

He crawls back down, taking your legs up to his front. "I'm going in now". He pistons his tip at your wet hole and pushes it in inches by

inches. You're eyes are all white, literally in pleasure just by this.

"God baby, you're so tight. I fingered you a lot but you're still this tight". He's halfway but you feel so full. Long thick dick. Slowly he pushes it all in, feeling himself in you.

He pushes your legs to your tummy, and slowly bucking his hips. "Baby.... I'm gonna start slow for you to adjust the stretch, then I'm gonna fuck you rough. You got that?".

You're nodding fast. Just want him to ruin you. He thrusting in you slowly and it makes you go crazy. The stretch is so good and you feel so full of him. Wonder how he feels if he doesn't have that condom wrapped around him.

He's cursing out when he feels so good as you wrapped around him so tight. It's been a while for him to fuck someone. "Faster ... please".

You beg and he smirks at you. "Okay baby. As you wish". And by that he fucks you up fast. You literally shout loud as his tip hits your spot right away. And he keeps on abusing that sensitive spot again and again with his rough and fast thrusts.

The way he pounds into you, the way his cock is going in and out fast, making you want to cum right away. His hips bucks at an animalistic pace, hands holding your waist. Surely will have his hand print on your skin.

He slaps your boobs as he just can't see it shaking under him. "God why are you so good for me". He wraps his fingers around your neck, choking you as he pounds deep in you.

The sound is too rated. The moans are too loud. The fuck is too good. He is really making you want to cry but in a good way. If his eating out and fingering part are good

then fucking is better. He's good at making his partner feel so much in pleasure.

His stare is dark and lusty, he pants above you with his hair is damned due to the sweat. He grunts and groans above you, with his tongue out and sometimes biting his lips to hold his own moan.

Now tell me how can you not want him more when that's the image you get when he fucks you. "You're close baby? Cum on me. I can feel you". He says as you literally a second away to cum on him.

You clench around him tight and he can't move his hips that easily now. "Fuck... baby.. you clenched around me, fuck ... gonna fuck you ... you're so good for me".

As he finally lets go of your neck, pinning his elbows at each of your sides, face right above yours. "You feel that baby?". He twitches in you because he's so close to his climax.

"You make me feel so good. I would want to fuck you everyday if this is what I got from you".

He pants infront of your face. He bits your bottom lips when he feels like moaning. "I'm coming". And one last buck he pushes his cock deep in you, hitting that spot and spurting his thick cum in the condom.

"Fuck ...." he groans above you with his eyes turning white and his mouth opened wide for you. Fucking hot! Eyes still closed, he bites his bottom lips, bucking his hips to let out all of his load. Slowly he pulls out his cock.

He kisses your lips, while breathing heavily above you. "We're gonna fuck more right?". He grabs your face and kisses you again. He pulls his face away and stares at you who is also panting for air.

"We're sleeping in your room...."

When you open your eyes, you see one pair of hands hugging you. More like two big sexy hands cupping your boobs. By the ink of the skin, it's no one else but Jungkook.

You are in your room since his room is a mess. Mess as in wet and the air smells like sex. Because you did have sex together. And it was mind blown.

Literally mind blown.

Not just him and his cock but him and how he uses his cock. Man knows what to do while doing you. Plus the size of it is just satisfying. Worth to be shown in the video.

You want to get up but you can't

since he's hugging you tight. The hands don't look like leaving your boobs anytime sooner. He really doesn't wear you any clothes. He really let you sleep naked and not even under the blanket.

Well.... same as him. He slept naked too.

You move a bit and instead of getting of the bed, you climb on top of him. He lays back, grunting as someone disturbed his beauty sleep. When he opens his eyes, he has this beautiful fluffy tasty looking boobs hanging infront of him.

He doesn't take his time but to just grab it and squeeze it. "Morning kitten". He says as he feels threatened by the boobs. "Why are you on top of me naked?".

No reason. Just feeling like sitting on his beautiful abs. "I just wanna ask about last night?". He smiles as he knows where is this

conversation is going. "Did I do it wrongly? It's a very good sex baby. Wouldn't mind doin it again now".

He licks his lips and fingers pinching your nipples just to pull it and let it go. "No Jungkook! I wanna ask what happened after? Did you clean me us up?".

"Of course! I licked you clean. Plus I couldn't find your clothes so decided to sleep naked together". He answers it so calm and chill. "No Jungkook! I mean the video". Ahh now he gets it.

He pats the side of the bed, as he sits up and leans against the headboard. He pats his lap for you to sit and you sit there. He manages to grab his phone at the table stand next to him.

"Let's see how many view we got". One hand of his is holding the phone while another one is in between your thighs, rubbing that soft skin. "Oh wow! We got

like 10000 views for the on that I fingered you baby".

The thumbnail is literally your heat. The title he put is "Little baby pussy training". With comments like :

+the moans!
+so responsive. Would love to have em too
+the way the guy kneels down to eat her out is gold!
+I want to eat that too

No. Only Jungkook can eat you out. "They love your pussy baby". He doesn't realise that his one hand really rubbing your heat. "And the another video". He clicks on it and it's a sextape.

Man the video is good! Views are almost 50000! "This is good! They like it even when they don't see your face baby. If they see it, they'll be jerking off".

You're squirming above him. You

think he knows what he is doing! "Look at the comments. I want a fuck like this. The guy fucked her well. That moans are to die for! Oh god what a big cock, would cream it everyday".

That last comment doesn't need to be there. "Hmm I would definitely want my cock to be creamed by you". You're looking up as your legs are wide spread for him. "Needy. There's no camera to film this and yet you're spreading wide for me".

Who wouldn't it's him? His fingers are rubbing your pussy fast, you just want to cry so bad. He loves to see this. You on his lap letting him to play with you in the earliest morning.

He spanks your clit hard and you're jolting your body. "Such needy little pussy we have here huh". He spanks again. "Good girl. Doesn't even close your legs now huh, good training kitten". He spanks again and again until it's

swollen and pinkish.

His cock is hard too. Standing tall, twitching as he plays with your heat. You wrapped around him and pump in fast for him. "Shit baby ... baby don't ..." He whines. Is this how your relationship with the roommate is going?

Sleeping naked, playing with each other often, have good ass sex. Roommate with benefits.

"Baby... you have class this morning?". He asks as he bites his lips. You nod. Morning class at 8am! "Skip". As he grabs your body up and put it on him. Ass up at his face and your face down at his cock.

He slides his cock in your mouth that instant. "We're fucking again. I want to fuck you so bad baby". As he pulls your hips near his face and he laps your swollen pussy again.

Taehyung has been eyeing you from the moment you stepped into the cafe until now, standing near him behind the counter making coffees. Not that you are weird today or your make up isn't on point but ...

Okay maybe you're a bit weird today.

"You okay?". He asks. He is concerned. Very much concerned. "What do you mean by that? Do I look like I'm not okay?". You reply back.

He shrugs his shoulder and clenches his jaw. "You walked a bit weird today as if like there's something in between your legs". Oh damn.

There's nothing in between your legs now .. but not earlier this morning. "I don't have anything in between? You think I'm that dirty to wear things at work?".

"I don't you know. Based on your crazy side, you might do things like that. If not then, why the hell you walk like you have something stuck up in you?".

Well... To think about it again...

"Oh god, you're my little kitten ... why are you ... fuck .... so good". He pants infront of you as he pins you on the wall and fuck you up rough.

It's just the sexual tension between you two. You can't just let it go. The moment you see him, you want him. And same goes to him. He sees you and the cock springs up.

Plus, he's good in sex. He knows how to use what he has. That's why you're sore now. Because you literally skipped class to get fucked.

On the bed, against the wall and on your study desk.

The study desk one was unforgettable. By that you mean that's the third time he changed the condom. Third time. For today. He wanted to go raw but he can't risk that. Not that his pull out game is weak but he doesn't want to pull out.

When he pressed your back on the desk, bending your over the desk was the moment to cry for. He slapped your ass, pulled your hair and bit your shoulder when he cummed.

And all the dirty talks, "my cock is yours", "gonna train my kitten to gag on my cock", "when you come back from work, I'm gonna eat you out again".

Tell me how to not be sore? The man is a literal walking horny beast. But you're cool with since you are one too! But maybe not

beast. Beauty. Hah! Horny beauty and the handsome beast.

Taehyung snaps his fingers right infront of your face. You're daydreaming aren't you?

"I think I know why you're walking weird. You just got a good fuck. What kind of a man he was?". Should you answer that?

The man that can make you cry and beg and want him no matter what. The man that has big cock and broad chest and tattooed arm and sexy face and sturdy thighs and ..... big cock. Wait you mentioned that twice.

"Excuse me! Can I order my drinks now?". Taehyung glares at the customer since she cuts the moment. "Yeah sure. What drinks do you want to have?".

Phew. You're saved from Taehyung and his dirty mind and questions.

———

He stares at his phone during his break for the photo shoot. The bride needs to change her twelve dress and he can't say a word about it. So he waits there and with the groom.

Anti social check. He plays with his phone instead of talking to the groom. How can he not? He is monitoring the views of his and your porn videos. The second video of you getting fingered are the most viewed now! Almost 150,000 viewers.

Spot on!

And he read this one comment that makes him think a lot about it. + *when will we see the guy getting his high?*

"Hey..." the groom calls him and he puts his phone to the side. "I know this might be a weird question to you but umm .. any tips for a good .. you know .." He can read

good .. you know ..". He can read this guys's mind so well.

"Ahh you want to impress her that night?". He nods. "I mean yeah we did things but you know, kinda worried she might get bored since it's repetitive actions".

Now, that this groom says that. Are you going to be bored soon?

"I don't know how to give advice about this, but ummm maybe do something out of the box? Something she never expected you to do".

The groom's mind is somewhere else. What is something outside the box. "Maybe I know just a thing! Thanks! Are you also doing things like this? Like kinky stuff. She likes it?".

He never did kinky stuff on you yet. Should he? "Not yet! But will soon".

Soon.

———

You got a text from Jungkook. He said that the money are growing big. Enough to pay a month rent without using your cafe's salary and his wedding job profits. Thus, you have extra pocket money then!

If this is what you get from doing things that also benefiting you, then why not? Don't mind at all if your partner is Jungkook. He can drill you anytime he wants.

You arrive at the apartment after a ten minutes of commute. You're not tired since you didn't go to classes. You are sore yes because you have dick up your hole the whole night and day.

If he decides to do things tonight, you might need to say no. Maybe tomorrow night is fine.

"I am-" ...

The moment you enter the apartment, you can see Jungkook only in his shorts, sitting on the couch with his laptop and camera but !!! With a vibrator and a ring.

"Wanna film tonight? It's your time to dom me".

17.9K ★ 631 270

Maybe tonight isn't a skip?
What about use that No pass
for another day? Yeah. You are
excited of course but also nervous.
'Innocently' you sit beside him,
staring at the things on the table.

"I ran across these comments about
you control me, so I think why not?
I don't think you can be fucked
today right?".

He is so damn straight forward.
Why is his tongue so smooth to say
these things? Like he has no filter.
"Yeah ... I literally had your cock in
for three freaking hours! How can
you even have that stamina .. and ..
and cum".

He smirks and raises his brows for
that compliment. "I work out y/
n, plus how to stop when you're

looking so fuckable? You don't like it? You want me to stop?".

"No-". You kind of choked your own saliva in your throat. Too fast to say an answer when you're trying to swallow your saliva. "I want to have sex with you".

"Good. I don't feel like having anyone else except you. I meant it when I say I'm all yours". Is this a love confession? But rated 21+ since it involved private parts of human body.

"I'm all yours too. You can .. umm fuck me anytime you want". Well that surprises him. "Really? What about if I say at your cafe?".

Holy moly. You just thought about this like a while ago? "Yes!". He chuckles as your yes is kind of high pitched and you sounded excited with that idea.

"Alright! I keep that in mind then. Now, you okay in doing this?". You

take a glance at the things on the table again. How to out dom a real dom? Google search.

"What are we going to do tonight?". He takes this metal looking ring on the table. "Tonight baby, you're going to control my ... umm cum?".

So it's like him not letting you orgasm but vice versa. You can do that. Maybe? "Then what is this?". You point at that thing in his hand. "This is a cockring".

Cock has ring? Wedding ring is now upgrading?

He literally stands up and pulls down his short right infront of your face. His cock is like half hard, still looking tasty though. He gives you the ring instead. "Put it around me". He says. How the hell to put this?

With your puppy eyes looking up at him, now he wonder should he change the plan? Your lips look

inviting and his tip is near, he can just slide in. No Jungkook! Be a sub today! You can gag her mouth tomorrow!

He is having a crisis now.

"Put it around me here". He grabs your hand as in helping you to do it. He hisses when he can feel your touch. Now the ring is around him, totally giving him such sensation.

He sits back and he might be in trouble later. He wants to cum so bad now but he can't since the ring is kinda blocking him to do so.

"You can just use your hands or maybe your vibrator to play with me then. Let me know when can I cum for you". He already pushes the button on his camera. It's rolling.

Maybe use your hands first? You look at him and he stares at you. You cup his tip and swirl your fingers on it. He groans loud for

that. Damn this is giving him way too much pleasure.

You run your thumb along his slit and he curses out at you. "Fuck .. shit baby this is way ... too ..". He can't say a word. Slowly you pump your hand up and down his cock. The ring is making it harder.

Erection is so hard and his cock looks bigger. Blood flow isn't going to his cock as normal making him feel way surreal in pleasure. It's like he chokes your neck while fucking, that's how he feels now.

He breathes fast, trying to not moan that loud. He tries to buck his hips for more but you push his body down on the couch. "No. Do you want me to stop?". You literally let go of his cock.

It's red and hard and aching for touches. "Please.. more.." he begs but nah, there's no effort. "I think you can cum untouched?". Fuck no! Oh god he can't do it. No way

he wants to cum untouched.

"No please baby, touch me. Please...". He begs more, literally scooting himself closer to you. He spanked your pussy, so can you spank his cock? Is that even possible?

Still, you spank his cock and it springs up with him letting out moans. "Ahhh fuck .. baby ...". Oh. So spanking cock does exist! You do it again and his body jolted on the couch. "Baby please ...".

He is dizzy now. His head throws to the back, thighs are shaky and cock is aching. He never felt this kind of sensation before. This is all new to him and he loves it. Feeling a bit of pain to cum.

"Okay .... since you ask nicely...". Yes yes! He wants the hands back. Wrapped around him nice and warm. But instead, you grab the vibrator. Oh shit.

You put it at the medium setting and he swears, this is nerve wrecking. "I'm gonna play with your needy cock then".

You hold his cock with one hand and presses the vibrator on his tip. He's squirming infront of you. Just a few seconds, you lift up the toy. "Oh... and you can't cum until I say so, got it?".

Well then, fuck.

17K ★ 665 148

He holds the couch for his dearest life. So this is how you felt when he played with a vibrator on you? Damn, he doesn't know if he's sorry of if he's thankful. This is real pain and pleasure.

He really refrains himself in pushing your hand away. Pushing that vibrator away. If you can take him before then he can too.

Moan after moan and mewl after mewl coming out of his lips, sound so weak and so needy. You don't even touch him and he's this weak for you. "Should I put it at the highest setting?".

You ask and he gulps his saliva. Is he able to take it? You don't wait for him and just switch it to the highest one. Eyes on him and his

eyes on you.

You grab his cock and he hisses loud. That's how sensitive he is now. Even if the wind blows he will groan loud. You press the vibrator on his cock and he bites his lips so damn hard.

"Baby ... fuck! Baby s-so good .. I wanna cum so bad". He stutters in his speech with his head thrown at the back and eyes rolling to the back of his head. He never feel this way before.

"Soon .. you'll cum when I say so". You bring the tip to the toy and his body is shaking just like you when he played with you last time. You can see how difficult is him catching his breath now.

He looks down at his own cock, red, heavy, big. Begging to get a release. "Baby please ...". He begs. You switch off the vibrator and put it away. You wrap your fingers around him, not that tight.

"Fuck my hand, now!". And he starts to move, bucking his hips up, sliding his sensitive cock in your hand. He might cry for this. He never cries during sex and this might be the record breaker.

"Look at you. So needy to cum. You deserve to cum?". You ask and he nods a million times. With his hips thrusting up in your hands, he really wants to cum so so bad.

"Yes baby.. I deserve to cum. I've been a good boy for you. Please let me cum". In fact he is a good boy. Not even trying to push you away. Literally taking whatever you're giving him.

"Okay. I'll let you cum. Gonna open this ring around you and cum on my hand. Ready?". He is more than ready. He is born to be this ready!

Slowly you take off the ring from his cock and in a second, he spurts his thick cum. It doesn't even land on your hand but directly to your clothed chest. "Oh fuck... ghhh

clothed chest. "Oh fuck ... ghhh cum for you hmm".

Cum keeps on shooting out of his system. He has been keeping it for way too long. You hold his cock just to not let it cum all over the couch. Pumping his cock and he cums more. "Lil bit more baby".

You can't count how many you see a shooting cum right infront of you face tonight. Probably more than you see shooting stars.

Slowly you let go of his aching cock, and sits up just to see your shirt is full of him cum. Literally full. You unbutton it and take it off, put it on the table nicely so there will be no cum anywhere.

He pounds on you right away and you fall to your back in the couch. His lips are kissing yours hard and deep. "That's amazing". He says. "You like it?".

"I love it! Play with me again next

time. Tie me up or cuff me so I won't move a lot". Damn. Having him tied up really is in your mind now. There's no way that image is going to be out of your brain.

"Maybe you can tie me up and play with me". You reply that instead. You just like to be a sub more than a dom since you want him to take care of you.

"Sure baby. Next time I tie you up naked and fuck for hours". He kisses you again and again. "Let's shower and then sleep".

He is a baby but on certain times. When he wants attention or when he wants you to say yes about something. "Okay, let's shower then".

He stands up right instant, pulling your hands and lifting you up to wrapped your legs around his waist. He is also romantic. Bit going to lie but this is romantic. He clicks the stop button in his camera

and walks to your room to take a shower.

With your hands still around his neck, he takes off your pants and all other clothes. He gets into the shower and let the water runs down on you two like this. He pouts and asks for kisses again and you give him more.

Somehow you feel like this is more than just you and him filming things for money. You can feel a real connection with him. Just hope he can feel the connection with you too.

"Baby..." he calls you. "Can I sleep with you tonight?". This is so weird of him to ask that. "Sure, Jungkook. Why?". You caress his cheeks as he looks up at you with his puppy big eyes.

"I just wanna cuddle and sleep with you. Can we?".

He comes to bed a bit later than you. Maybe he cleaned up the mess at the front and upload the video right away. When he cuddles you on your bed, he kisses down your back and neck.

He is becoming more affectionate than before. Or maybe he is this affectionate but he never showed you.

"Are you cold baby?". He asks as he rubs your arms. You answer him with just a hum and he quickly pulls the blanket to cover your body. "Is this better?". You hum again. He hovers his body above you, wanting to see your face.

Half asleep. He never seen your face this up close before. He means he has seen you think close but

not in this kind of situation. Calm, not during sex. He can feel certain types of things in his tummy.

He plants a kiss on your cheeks, making you turning your body facing up at him. He wants to kiss that lips. He wants to kiss for hours and only kiss. He wants to kiss until he falls asleep.

He grabs your face and pecks your lips once. You pout as soon as he does that. He pecks more and more and slowly it turns into a kiss.

"Kiss me until I fall asleep". He says. And you do what he asked. Even though you're the one who fall asleep first. "Good night baby". He still kisses your lips until he's asleep.

———

You sit on his lap and facing him. It's already morning around 8am and he is scrolling down the account. Just to see how many views you two got from last night

views you two got from last night.

"Oh god! This is the highest views among all! Almost 300000 views!". In conclusion people love cock more than pussy? Maybe.

"What comments we got Jungkook?". And clicks the comment part, reading it one by one.

+ Someone do this to me
+ this is so fcking hot! I need this in life
+ the cock is looking tasty, are you up for service? I can be a good pup
+ I want that cock in me so badly! He's so good
+ If I can, I hop on that cock all night long

The comments are great. Most people wants him. Even asking if he does services. "They really like- hey, what's wrong?". He puts his phone right away when he sees you pouting.

"They want you. Now you can just do it with anyone you want. They all want you". Not that he never been through this before. One time he went to a wedding photoshoot, not only the bride flirted him but also the mother in law!

Crazy moment.

He pulls you closer and wraps his arms around your waist. "Oh baby... I said before that I'm all yours right? So that means .. only you can hop on this cock". He sounds so serious.

"But who knows .." he shushes you up by kissing your lips. With his forehead connected to yours, lips catching your lips, he says "I don't want anyone else. Only you. Baby, you can ride me anytime you want-".

He doesn't know that you would literally ride him that instant. And no condom. He can feel you totally. "You say I can ride you anytime?".

You move your hips slowly, more like a lazy movement.

He grips your hips and helps you to move. "Yeah baby, ride it anytime you want. Hmmm baby, you feel so good around me". He closes his eyes as you do it.

You wrap your hands around his neck, kissing him down. Somehow you feel so possessive about him. No one can have him except you. You just can't imagine him with someone else.

"Only you can fuck me, Kookie". He loves that new nickname. "Hmmm baby. Only I can have you". You kiss his neck again, leaving marks on his skin. "Only I can hop on your cock". He nods a lot.

"Yes baby. Only you. My cock is yours. Move faster baby, wanna feel you". You roll your hips faster on him, leaving out sweet moans into his ear. "So good baby .. hmm .. faster".

"I can't...". He grips your butt and slams it down as he thrusts up. He's moving faster in you and this is amazing. You don't know why you do this for him. You really don't care about him not wearing any protection now.

You want him and him only.

Cock going up in you. Deep and fast as he fucks you right up. If the previous fuck was good then this is better. You can feel him in you, it's so good to have him raw. He slaps your ass and you're bouncing on him faster.

You're cumming on his cock by now. Panting for air and moaning in his ear. He feels so good right now. He already wants to cum. Going raw is making him cum faster than before.

"Baby ... hmm gonna cum". You nod and whisper to his ear. "Cum in me Kookie, fill me up". "Fuck". He curses since he can't believe this.

Cumming inside if you is a dream. Few more fucks and he pushes you down on his cock as it goes deep in you.

"Cu-cum for you... fuck ... fill you up with my cum". He bites your shoulder as he cums inside of you, not leaving a bit behind.

He pushes you down to lay on the bed and his cum flowing out of your hole. "God baby you're so good to me". He kisses your neck, leaving his marks on you.

"We gonna get a shower and then you go to your college and work. Promise me you'll come back as fast as you can".

"Why?". Now that he can fuck you raw why not fucking more? "I want to tie you up on the bed, fuck you raw with my cockring on and load my cum in you until it's spilling out. Never gonna stop fucking your pussy filled with my cum until I'm satisfied! So promise me to come

back home fast".

"I promise!". He kisses your lips for that. "Good girl. Now let's take a shower and you go to your classes and me, buy us some ropes".

Great! You have a pop quiz now. Sometimes teachers or professors are too cruel. They be all smiley face and then boom pop quiz! Like chill, students need to study tons of sht and do tons of works.

You're tapping your pen on your palm. Thinking about any knowledge you have stored for this subject. It's not that you're not a good student, you are good but you are also lazy.

Lazy as in you don't do much reading after lessons. You have works to do so you can't read thus making you only have the weekends available. However that two days are for you to redeem all your beauty sleep you missed.

"You have ten minutes left". She

shouts loud even the kid at the corner of the room startled. Now, what can you say about this piece of topic. Think y/n think! You have this in mind. Dig in!

You close your eyes and trying hard to think of any possible answers.

The way his thighs display for you, when will you ride his thighs? And that tattooed arm really turns you on. Not to mention that face when he's so high, nearing his climax. He's so hot. Why you never ever think of having some good time with him for the last past months?

Hold up! Why the hell Jungkook pops up in your head? You wanted to think about something else! Damn. Is this going to be you in the future? Thinking about Jeon Jungkook's body and self? Looks like. Kinda worrying but kinda not.

Now let's think again about the answer!

He wants to buy ropes for you. Man, he can tie you up anyway he wants. Or maybe cuff your hands. He can be the sexy cop and you be his criminal. He can definitely punish you since you're not being a good girl after all.

"Five minutes!". Oh damn. You can't stop thinking about him! If you fail this quiz, it's his fault!

———

He is the kind of a man that doesn't even bother about what others have in their minds. He walks in this pink sex shop with no shame. Now, he wants to find something for his baby girl at home.

Walking to the female section, he searches for a fluffy cuff maybe? There are like two girls there buying their stuff and he couldn't care less. They have eyes on him, obviously. The man is hot and in this shop.

He grabs a pink feathery cuff from the shelves. This is pretty for her. He says in his mind. What else? He suddenly see this beautiful sexy outfit. Oh wait! No he can't take that. He wants you to be all naked for him. Maybe some thigh garters and high knee stockings are fine.

"The black one is pretty". One of the girls says to him when they saw him being all confused to choose which one. "Really?". They are kinda squealing because he responds. "Yeah, I have one and it's hot". This girl is trying to flirt him.

"But the cuffs are pink, so maybe pink then? Matching colours". He says as he grabs the pink one instead. "You really into this things?". She points at the stuffs he has in his small basket. "Yeah. I mean sometimes we gotta put some spice right?".

They nod synchronously. "It's difficult to find a guy who buys things for the girls. And looking

this hot". The other says as she slowly approaching him, holding his sturdy arm. "You're so bulky. Must've been so strong and aggressive".

And the other one holding his other arm. "We love to be cuffed and punished by strong man like you daddy". Suddenly Jungkook receives a text and he quickly takes his phone out of his pocket.

I finish my work early today! I'll be back as fast as I can! Can't wait to see you :3

He smiles like an idiot. He pulls his hands from their grips and steps back a bit. "Sorry, I already have my own baby".

———

You're cleaning up so fast. Never be this fast to do this job especially the cleaning part. You hated it so damn much. You rather count the money the cafe gains from the sales

instead of cleaning.

"You're kinda rushing for something? College stuff? Study?". Taehyung asks as he can clearly see you doing things way to fast than before. "Yeah! I have something to do so need to hurry up!".

"Why do I feel like it's a booty call? No sorry, that's for men. A cock call? Is that how you say it?". Taehyung is having a crisis about that in the middle of the work. Either way, he is smart!

"No! I have something important to do so I need to finish this all super fast". You deny his clever thought. "Alright then, we're done here so you can just go and settle that stuff. I close the cafe". You jump at him and hug him tight.

"Thank you! I see you tomorrow Tae. Night!".

The moment you arrive at the

The moment you arrive at the apartment, literally when you dropped your bag on the floor, he runs out of his room and grabs you, lifting you up to be around him.

"Oh god I'm waiting for you for so long". He kisses you and you kiss him back. Someone is excited. "You really want to tie me up that bad". He smiles as he walks to his room, laying you down on the bed.

"I'm ready for everything baby". He undos your clothing, until you have nothing left. He is already naked when he ran just now. No shame!

He puts on this sheer pink stockings up to your thighs and pretty pink garter on your legs. "Pretty princess for me". He takes a pink coloured rope, tying your legs up at the bed, spreading your legs wide for him.

He hovers above you with something else in his hand. He

cuffs your hands together and push it above your head. Now his face is infront of yours. He licks his lips and and starts to pamper you with kisses on your neck and ears.

He lets out a breath at your ear and his lips touch your ear as he whispers in his deep low voice.

"Daddy's ready to play".

"Is it too tight kitten? Your hands good?". He asks as he heard you hissing when he pushed your cuffed hands above your head. "Umm a lil bit". With all the cuteness you can give him, you give him now.

Man, he wants to be a hard dom why is this naked girl be all cutie! "Ahh really? Daddy loosen this up then, don't wanna my baby getting hurt". He grabs the key under the pillow, unlocks it and cuffs your hands again but not too tight. He was a bit excited just now so ...

yeah.

"Is this fine kitten?". You nod, smiling at him. Again. All he wants is to be a fucking dom, why is this girl making him all soft. "How about your legs baby? Fine? Too wide? Too tight?".

"Nope. It's fine". You somehow notice that there are no cameras or laptop around the bed. Is it hidden somewhere? "Daddy ..." you call him and he swears to god he never been this needy. "Yes baby".

"Where's the camera? Is it hidden?". He chuckles and slowly plants some soft kisses on your neck. "There's no camera baby. I don't wanna film us now". Wait what? This could be like the hit video ever. A whiny subby tied up and fucked hard by a dom.

"What? Why?".

"Because daddy don't wanna share you looking pretty like this with anyone else. Only I can see you

anyone else. Only I can see you being tied up pretty for me. You understand that?". Oh wow. This is him just wants to be with you. And he doesn't like sharing.

"Now... lemme eat you first. Gotta make you all wet for me". He crawls down and kneels at the edge of his bed, pulling your body down. Now that you can't close your legs. You can't do anything except to accept it all.

He puts a kiss on your heat and looks up as you moan. "Baby, try to cum on my tongue yeah? I want it messy". You don't reply him since you're really out of the world right now and he doesn't like that.

He slaps your pussy and your whole body jolts. "I fucking said cum on my tongue, do you hear me?". You let out a stutter yes. "Good, now lemme eat my baby's pussy". He dives in between your legs and licks your heat from the bottom to your nub.

You moan out loud for him since it's been a while for him to eat you out. He doesn't have to struggle in spreading your legs anymore, they're wide spread for him now. Only you have to struggle now.

You can hear him lapping your folds, swirling his tongue on your clit and sucking it all in his mouth. When he hums or groans you can feel the vibration and it sends straight up to your head, making you all dizzy.

"I can always eat your pussy all day baby" he pulls his head away from it as his fingers are rubbing your clit in circles. Giving you a whole new sensation. He loves to see your legs struggle to close. He sucks his own fingers and pressing it on your folds, moving fast on it.

You're moaning non stop, back arching good for him. Your pussy is becoming wetter and wetter as your juices starting to flow out. "Good kitten, spill your juice more.

Make a mess for daddy".

He pushes your folds with his fingers and your hole is on display for him. He darts his tongue out and licks it harsh. "Daddy ..... fuck". This is way too much. "Squirt on my tongue baby".

He fingers you now with his tongue on your folds. You're clenching so hard and legs are shaking bad. He closes his eyes as he eats you out good, doesn't even bother how you struggle now. All he wants is you to cum on his tongue.

"Hmmm daddy...." you moan at him as you finally squirt when he is on you. Tongue and chin are glistening with your juice. "Good baby!". He lifts up his head to look at you, and looks at your pussy back as it's keep on clenching.

He presses his thumb on your clit and you immediately squirt for him. "Sensitive aren't we?". He keeps on rubbing your nub and

you keep on messing up his sheet. He slaps your swollen pussy now and you scream for him. Might have disturbed the neighbours.

He pumps his cock to make it really hard and slides it between your folds, creaming his own cock with your juices. You can just moan even though it's way too much. You even squirt on his cock. "Such a good kitten, creaming my cock so well".

Now his cock is covered with your juices. He picks up the cockring on the floor, man he can't never forget about this toy. He put it around his cock as he wants to last longer tonight. He's taking his time since he's sensitive too.

"God, hurry up. Can you fuck now?". You ask that directly after being all softy for him. Wait! What? Where the hell that subby goes? He wonders. "Sorry, what did you ask?".

"I want you to hurry up... and to fuck me now". You are kinda needy not going to lie that but also you want to get his reaction of you being a brat. All this time you never been one. You obey him well. Why not now?

His tongue pokes his inner cheek when he knows you're testing him. "You do know that you're tied up under me right?".

"So? I can't ask for that? You want that too". Of course he wants that but he control everything now. He decides what and when it should be done. He grabs your chin and stares into your eyes. Looking a bit mad.

"You really trying to be a brat huh? You want me to fuck you fast and rough till you can't fucking walk tomorrow? You want that?". You shrug your shoulder instead. "So far I can still walk. Maybe you're a bit too soft Jungkook".

Oh no you didn't. "What did you call me?". You don't want to answer him. He gives a good hard slap on your tits, making you whine loud. "I fucking ask you slut, what did you call me?".

Damn the degradation! "Ju-jungkook". You stutter. He slaps your tits again and it's red now, you moan out his name. "That's daddy to you, there's no Jungkook here, do you fucking understand me? You want me to stop? Let you be like this".

You shake your head fast for that. "Thought so.. since you already making me all mad now, daddy's not gonna be easy on you. Definitely not gonna call you baby, kitten anymore. You know what I will call you?".

You shake your head again. Hard dom Jungkook is so hot. "I'm gonna call you my slut".

He actually just wants to fuck you good tonight, treating his baby right but somehow someone wants to be a whole brat. So now he crawls up until his hips are near your neck.

"This dirty mouth needs some lessons". He pushes his cock down, pats your lips with his tip and asks you to open it. "Open that fucking mouth". You open wide for him and he slides it in.

"Gonna make sure this mouth isn't saying anything worthless

anymore". He grabs your head and fucks your mouth with his cock. The way he groans and moans above you is insane. Lucky him, you can take his whole cock without gagging. Maybe?

His hips are bucking fast and he pushes your head to meet his thrusts. You're looking so dirty right now but for him you're hot. "Look at my slut gagging on my cock. You like it didn't you? What a cockslut". He keeps on fucking your mouth.

You squirm a little and he pulls it out of your mouth immediately. You're gasping for air and looking up at him with saliva drooling down your chin. So fucked up. "Yeah take long breath, I'm not done with you slut". And he slides back in, moving his hips again.

Head thrown to the back as he feels so high. The cockring really helps him to not cum just yet. Or else he'll be spilling cum in your mouth

now. He drops your head back on the bed and his cock is covered with your saliva.

Fuck this sight is so hot for him. He slides his tip along your lips, playing his cock on your lips now. "Lick my cock". He says as he holds it up for you. Licking his cock from the base to the tip just like how he wants it. You dart your tongue out expecting his cum.

He laughs looking at your pathetic self. "You want my cum? What a cumslut. No I won't give you my cum. You get it when you deserve to swallow my cum. Slut like you only get to gag on it".

He crawls back down, sitting in between your legs. He unties the rope around your left leg and brings that leg up on his shoulder. "Pussy still fucking wet and dirty. Fucking needy slut". He teases it with his cock, making you whine loud for him.

He pistons his cock at your hole and slides it in. You gasp. For sure you gasp. Even though he's now mad at you, but still he will let you take your time. "Move when you're ready".

It takes a while before you move your hips. He doesn't move? You look down at him and he looks back at you. "What?". He asks. "Daddy.. please move". He doesn't want too. "Oh so now you're calling me that? My slut can't fuck herself on my cock? Pathetic. No, you should move. Fuck yourself. I won't do that to you".

How to even do that? You're so needy for him now. You just move your hips as his cock slides a bit. Not giving you what you want. You want to cry so bad right now. "Daddy please.. I'm sorry. Please fuck me".

"At last, you're really sorry for daddy? Don't wanna be a brat or a slut anymore?". You nod with

some tears out your eyes. Has he been too harsh on you? "Don't cry baby. Daddy's gonna fuck you good like you deserve it". He pulls your body near him, holds your legs on his shoulder and fucks your hole as you want him too.

He slams your hips to meet his thrusts and you're burying your face into the sheet, moaning. "Fuck you like this baby? Does daddy's cock fucks you right?". You nod as you look at him, moving his hips so fast. "That's my baby".

Your walls are clenching tightly around him as your orgasm approaches. Your body spasms hard as you start to cream his cock again. "That's right baby, clench around my cock". His hand travels to your clit as he rubs tight circles on the sensitive bud.

"Daddy...." you call him as it's too much for you. "Too much? You can take em. My baby can take daddy's big cock like the good girl you are".

He keeps on drilling and suddenly he pulls out his aching cock. A loud whine escapes your mouth. "Shhh baby, I know. Daddy's gonna fuck you more. Turn around".

As he flips your body and now your stomach lands on the bed. "Baby, hands". He unlocks your hands and places it at your back just to cuff it again. The keys land on the ground as he dropped it.

He lifts your ass up for him, gripping your cuffed hands tight on your back and fucks you right back without a warning. "Ahh fuck..." you fall face down on the mattress but he pulls your hands so you're back up, usually he pulls your hair.

"Hold it! You're my baby, you gotta take what my cock gives you". As he thrusts you rough and fast in his favourite position. He likes this because you can feel all of him. It gives you more pleasure. You're moaning louder and louder, tits jiggling and your cum flowing

down to your tight.

"So fucking good!". He slaps your ass hard a couple of times. He is so good in fucking you right. His thrusts are so full and deep. His moans are so lusty. You want him to fuck you everyday. "I wanna cum so bad baby, you want daddy's cum in your little pussy baby?".

"Yes yes! Daddy please cum in me". He pulls his cock out, takes off the cockring around him and fucks you again, hard. His cock is so hard in you and you just want him to fill you up. "Gonna cum". He says as he thrusts his cock deep in you and spills his thick cum inside. "Fuck!". He growls as he pulls his hard cock out and thick cum flows out of your hole.

Cockring definitely giving him more cum. "Your pussy looking good with my cum baby". He holds his cock and spreads the cum all over your folds. He pushes some back inside and that makes you

hisses loud.

He unties the other rope and manhandles you, flipping you again. Making you face up the ceiling now. He picks up the keys again, unlocks it and pushes both of your legs up. He brings your hands behind your knees and locks it back again.

Now, you can't move your legs at all. "I'm not done with you". He says as he pushes his hard cock back into your pussy again, fucking fast. He wants to fuck you all night long. He keeps pounding into you, not slowing down one bit. You shut your eyes and orgasm around his cock.

You pulls his cock out again and you're squirting a lot. "Fuck... look at the mess your pussy made". He doesn't let you recover from that orgasm and just plunges in his cock again, pounding into you fast.

Strings of moans and whines out

of your lips and he doesn't care at all. He knows you love every bits of this. So does him. He keeps on pounding, your whole body is trembling. Not to mention that he keeps on cumming in you.

"That's it baby, you're my cumslut". Cum flowing out your pussy and he still be pounding hard in you. "Clench around me more baby". And you do as he says. Clenching his cock and he fucks you rougher.

"Gonna cum for you.. fuck baby ... I love fucking your messy pussy. So fucking good". And a few more thrusts before him shooting his cum in you, totally filling your hole up. He doesn't even takes out his cock and his cum spills out. "Fuck baby .... your hole can't hold my cum anymore". As he bucks his hips slowly to let it all out.

He pulls it out and unlocks your cuff. Weak legs fall on the bed, swollen used pussy messy with his cum. He quickly gets off the bed and takes a wet warm towel to

and takes a wet warm towel to clean you up.

He pushes his finger into your hole, wanting you to keep his cum and then wipes it clean. He wipes his cock clean too. He leaves everything there and carries you to your room. He lays you down and covers you with your blanket. Slowly, he is kissing your back.

You're so tired and worn out. "You okay baby?". You hum slowly. Totally halfway to sleep. He grabs your face and kisses your lips, he doesn't manage to do that during sex. He hugs you tight, lips still kissing your back.

"I love you y/n.."

You woke up and did all your morning routine. He's still sleeping, quietly. But somehow he managed to get up too and followed whatever you're doing in the bathroom.

The moment you're done with it, thought that he will be go back to his room but no, he pulled you to your bed, hugging you like a damn koala. He wont let go. So now, it's 8am, and he's half asleep with you as his bloater.

"If you can rate me from 1 to 10, how much would it?. His head is at your chest as he's caressing your tummy under the blanket. He's been a bit clingy and you're not sure why.

"For which aspect?." You ask since

"For which aspect? ". You ask since there are lots to rate. "What about when I'm in bed?". This is easy. "Solid 10!". He smirks as he looks up at you. "Knew it! I'm that good right? You can't fake your orgasm when you're with me because I make sure you get it before I'm done".

Sounds cocky but true. You'll be dead and fucked up before him. And it's great! Sometimes you have to fake orgasm because the guy just think about himself not you.

"Others?". He moves to the next aspect with is unclear. "Looks or personality?". He doesn't give a second to waste, he answers right away. "Overall?". So it's rating him from all aspect then? You sure need time to think since you aren't that close with him.

"Maybe an 8?". He looks up and throwing you this annoying face. Like that's all? 8? Not 11? Or 12? "Why the hell it's so low?". That's

nowhere near low. "It's high? 8 is high". He shakes his head disagreeing with this.

"Give me the reason why should it be 8. Maybe I can consider it". Well damn. Mr.Perfect. "Because I don't know you that much except as my roommate". Ouch. You only see him as that?

"Roommates with benefits?". You squint your eyes, trying to think about the label. "Yeah.. since we are technically roommates and we are fucking. Why?". He sits up straight and is so close to you.

"What if I want to change that roommate label to something else?". Is he serious? He never been this serious before because you never see him be serious. "What label are you thriving to get?".

His eyes are shimmering. He grabs your hand to hold and pass the warmth from his palm to yours. "More than just roommates". Is it

what you're thinking? Is it what you have in mind?

"But I thought you don't believe in love though? Jungkook please.. maybe you're in a euphoric moment now because of the overwhelming sex?". His face changes from hope to despair.

You look at your phone at it's time for you to really go for class. You kiss his cheek before getting of the bed. "I see you tonight! Have fun working".

———

He sits there with his camera, waiting for the bride. As usual, he will hang out with the groom. He's been quiet for a while since he still thinks about what you said earlier today.

He did mention that he never believed in love. There's no such thing as love. He's a wedding photographer and he has seen it all. Plus love needs a lot of

it all. Plus love needs a lot of sacrifices and commitments. So it's a burden thus there's no such thing as love.

But then when you said that to him this morning, he felt so sad. Heartbroken too. But that's what he said and he can't blame you. Maybe it's true. It's just a euphoric moment. He felt like he's up high in the sky.

"I'm so in love with her". His thoughts vanished when he hears the groom says that next to him. "Sorry that's just came out so sudden".

"Oh no, that's fine. Can I know why are you in love with her then?". The groom's face lit up. He has thousands or endless reasons for that. "I just love everything about her. She knows every single thing about me and I know every single thing about her".

"We met not too long ago, maybe

a year and I just.. I fell for her instantly. She's there for me and it took me a while to realise that. Now, I really love her". His confession sounds to pure and sincere.

Does he knows anything about you? What you hate, what you like, what's your everything. He can list it all now. He knows every single thing. Does that mean he's really in love? He's a man who doesn't know how to express this kind of feeling since he's not expecting to be in it.

"How do you know that you really love her then? Like you can know everything about her but still not be in love". He says that to the groom. With just a sentence, he feels like it's a new whole revelation.

"When I can't stop thinking about her and want to be with her all the time".

———

When you arrive at the apartment, no lights are on. Maybe Jungkook isn't home yet? He's busy today so he might be coming home late. Oh well, you're tired and you want your bath now.

As you're done with everything and now going for the TV since you want to watch your ongoing drama, Jungkook is back home. "Oh, you're late tonight. Busy day?". He doesn't answer and you're ignoring that.

Suddenly, he hugs you and kisses your lips, while being a bit weird. The smell and the way he's kissing you are different. "Oh god, you're so drunk. Are you alright?!". He's been drinking for sure!

"I can't stop thinking about you y/n.. you're in my mind all the time. I want to be with you so bad". He kisses you again and you have to push him, make him to sit still since you don't understand a damn thing. "No Jungkook! Not like this".

It's not that you don't want too but he's drunk. You just don't feel like it's right when he's like this. This is not the kind of sex you want to go for. Plus, he's being a bit pushy and forcing you to do it.

"I really want you right now, want to fuck you so bad. You want that baby?". He literally throws himself on your body. "No I don't want too! Not when you're drunk. Please!".

"You don't get to say no! You've been messing up with my mind so I can fuck you whenever I want too! You are mine!". He pins you on the couch but you push him with all your energy, making him to fall back. "I'm not your freaking toy nor yours! ".

He tries to grab your hand, wanting you to stay. "No... I didn't mean it that way...". You run to your room and lock the door. He lays there, with his messed up mind and soon his vision is pitched black.

22

13.8K 569 137

Is that what he sees about you? Nothing but just something he owns to fool around when he feels like it. He really said that right to your face. Drunk or not he still said it.

Why is he even drunk? He has a bad day at work? Yeah sure he can drink and get drunk but to do things on you right after isn't what he supposed to do. That's not how things work here.

You just need to avoid him now. No need to see or bump into him now. What he said was kind of hurtful and you need time to recover from that. He can take his time to apologise, you don't mind if it's that long.

But he must apologise.

You go to your class today, before the weekends here. Friday should be a short day, since you have lots of classes and work as usual until night. He's still there at the couch, sleeping.

He must've been so cold, no blanket to cover his body. Why is he like this? You grab his blanket from his room and cover his body, making sure he gets the warmth that he needs.

His face is beautiful. His eye lashes, his nose, his lips. All perfect on him. You caress his cheek, thinking how tough and stressed out his work yesterday until he drank too much.

"Sleep well Jungkook. I'll be back tonight".

———

You have been stirring the coffee for about a minute and the customer infront of you are kind of worried since his coffee might be cold in no time.

Now, when you tried to remember what he said while he was drunk were 'I want to be with you' and 'You have been messing up his mind, I can't stop thinking about you'.

By right those words are so deep and maybe he's really trying to have something more than just a roommate. But then he proceeded to say that he just want to fuck and you are owned by him.

So does it mean that he just can't take you out of his mind as in he only thinks about you and him being intimate. Nothing more than that.

His lead is so confusing. You hiss as you feel a spill of coffee on your hand since you stir it way too hard.

"You okay y/n?" Taehyung asks as he grabs you to the sink and washes it with the tap water.

"What you've been thinking y/n? You stir his coffee non stop". Taehyung gives the coffee to the customer, not the one you made but he made. You're still staring at the sink, mind can't stop thinking about what he said yesterday.

"Do you have any problems? Wanna talk about it?". He wipes your hand dry and takes a look at it. Should be okay since the coffee isn't that hot. "Y/n? Hey". He snaps his fingers infront of your face.

"I'm fine". You reply. Even though it's a fit answer for the question but he isn't satisfied with it. "You seemed to have a lot in mind, want to share about it? Maybe I can help".

———

He's waiting at the living room for

you. He woke up with a heavy head and chilly feet. He hated it. He's not the type that drinks a lot, only once in a while but during dinner or before he goes to bed.

But based on what he remembered about last night, he's so drunk. He didn't remember why he drank so much though. He wasn't stressed about work since he had a blast taking photos of the newlyweds yesterday.

Surely something else was the reason he's drinking like crazy. He has blanket on his body and even a not so hot coffee with two pills on the table for him. You must've left that before going out for college and work.

So now he's waiting for you. The door is unlocked and you walk in the apartment after a very long day. He looks back from the couch. Finally you're here!

"Have you taken dinner?" He

asks and you nod while walking towards your room. "Yeah. Going to take a shower for a while". As he is left alone again. He has his laptop on the table, he's monitoring the account. It's not updated for a while.

Since you and him didn't record anything lately. But thank god, money keeps on coming in since the last video was a hit. Almost half a million views. People really love his dick by now.

You walk out the room with him patting the empty space next to him. You're plopping your butt next to him, knowing he must want to talk about last night. "Y/n.. thanks for the blanket and panadol".

"No worries. Hope you're alright now". You're waiting for him to say more about it. Maybe apologise for what he did last night on you and for what he said to you.

"You wanna film something

"You wanna film something tonight? Maybe you can ride me tonight". What? Does he not want to talk about last night? "Are you freaking kidding me?".

Him with his confused face staring at you. "What? You don't want to film? Sure... maybe I can just eat you out then?". He tries to touch your cheeks but you push him away. "You really just want me for sex".

Wait what? He's damn confused right now. "What? We did it because we don't have that much money for the rent? Plus we don't have any new video here so why not? You like to be eaten out".

So that means he can't stop thinking about you as in having you under his touch and for fucking only. No love involved. Thought so. You stand up and walk to your room but he grips your hand before that.

"Go film your dick yourself" you say as you locked yourself in your room again.

23

13.8K 617 251

"Y/n... what's wrong? Please tell me. Did I say something wrong?". He keeps on knocking on your door. It's not that hard, it's subtle knocks. You don't say a word. Just let him be.

"It's fine if you don't want to film anything tonight. I was just asking". He says. It's always about this film stuff. Is he really trying to use you for his own desire? Using the filming for rent fee excuse.

He stands outside of your door, feeling a bit hopeless by now. He doesn't knock the door anymore since he doesn't want to bother you too. Or maybe bother the other neighbours.

"Okay then.... umm Good night.

Sweet dreams y/n". He thinks it's better for him to retrieve. Maybe you're in your mood swing phase who knows. But it's just too sudden. You're all smiling and then running to your room, locked yourself inside.

Maybe he did say something wrong.

———

You woke up in the earliest morning even though it's Saturday today. All to avoid him. He usually stays at the apartment during the weekend. He has a few friends scattered all over the place but he doesn't go out that often.

You perk from your room behind the door to see if he's outside. The living room is empty. His stuffs are on the table though. So you guess he's in the room, sleeping as usual. Nice. You just need to grab any milk or juice cartons in the fridge for breakfast.

You run to the kitchen, open the fridge and quickly take out the apple juice box from the fridge. The moment you close the fridge, he's standing next to the fridge door. He manages to grab your waist even before you flee.

He turns you around and pins you against the fridge, making you dropping the apple juice box on the floor. "We need to talk". Oh wow that's hot. Not going to lie but that's hot.

"There's nothing to talk". And there you go, drama queen mode. "It's 7am and I have all the energy now, so don't make me pin you elsewhere. Tell me what's wrong?". He is acting all stupid now?

"I don't know, you tell me". Queen of asking questions back has arrived. "What did I do to you? Come on baby, don't let me hanging. Tell me". His voice is slowly turning sweet instead of deep like a few seconds ago.

"You're drunk last two days". He nods since he remembers that. "And you tried to force me to fuck even though I said no". His eyes widen and hands a bit shaky. "Oh god, I'm sorry. I didn't mean too. I must've been too drunk. Did I hurt you? No? I'm so sorry baby...".

He caresses your cheeks, really wants to pass his sincere apology to you. "There must be more, let me know please". Should you? "Did I say something to you?". By judging your face he can already tell the answer. "I did, didn't I?".

"You said that I've been messing up with your mind and you said that you can just do whatever, fuck whenever you want since I'm yours only". He can feel his stomach is hurting. How can he say such things to you? Way too drunk!

"I'm sorry. I didn't mean it that way. Please don't think that I'm using you or just want you for sex. No, that's not what I see about you". He

is at the verge of crying now. You can see his eyes are going to tear up. Soft baby.

"You've been messing up with my mind, yes. I can't stop thinking about you. I want to be close to you. I want to be more than what we have now, but I'm confused on telling you about it. I'm mad at myself too since I said I don't really believe in this kind of feeling".

Love.

He's looking down, don't have the guts to look at you in the eyes now. "That's why I'm drunk. I drank to push that feeling away, thinking it's just like what you said, sudden emotion in euphoric moment. But I still think about you".

You bring his chin up to look at you, slowly you kiss his lips. "Then I'm sorry too for invalidating your feelings". He kisses you again, slowly grabbing your legs and you jump for him to carry you.

slowly grabbing your legs and you jump for him to carry you.

Kissing him with his strong hand carrying you in the air. "So .. are we good now? Please say we're good". You nod and he kisses you back. But seconds after he pulls his head to the back. "So .. can I be more than just your roommate?".

"What do you want us to be?".

"I want to be your boyfriend. I want you to be my girlfriend. I want to stay near you, to be with you all the time". Maybe a chance wouldn't hurt you nor him. Plus, maybe this is a way for him to see that he can be in love.

"Okay". He plants his kisses on your lips again and again. "Wanna sleep back baby? I'm so sleepy, I literally sat at your bedroom door until 4am".

When he said he literally slept at 4am, he meant it. He's been sleeping until now, which is around 11.27am. But no worries since it's Saturday.

He has his hands around your waist, face at the crook of your neck, lips touching your skin. Sometimes he mumbles in his sleep. Sometimes he does snores, maybe because he's too tired.

Since you don't want to move, don't want to interrupt him so you just let him sleep with you. Even though you might not feel your legs by now. It's numb. But who cares?

So now he is your boyfriend? Man, how the hell this man can be your boyfriend. Like this man is a high quality specimen.

From strangers to roommates to roommates with benefits to lovers.

From filming sex tapes for money to not filming anything and make love for love.

What's next? Still going to fill yourself with him and get more money? Or stop? You don't know too. You don't have a clear answer for yourself about this. Should you just continue even when you have enough? Or should you stop and do something else?

You can feel him moving a bit, he must've been awake because his warm kisses are on your neck right now. "Mornin".

"Good sleep? Not tired anymore now?". You ask and he shakes his head with a fond smile on his lips. "Sleep with you gives me energy". He hugs you tighter and attacking you with his soft kisses.

"I'm hungry, so let's take a shower and then eat our brunch". He

and then eat our brunch". He replies an okay by sitting up straight in the bed with his messy bed hair. He gets off the bed and grabs you to be carried to the bathroom.

Yeah sure. Bath together. Save the water!

Both of you don't want to go out, so he ordered a food deliver. Chicken and some other foods that he likes to eat. Sitting at the front, eating together as usual. No, not as usual.

"Why are you stealing my chicken?". As he literally takes one drumsticks out of your box. "You said you're full? So I don't want too waste it".

"I can eat it later? Gimme back". He says okay and proceeds acting out to vomit it back. So this is him? Being playful and all lovely with you. Usually he shows you the side of this manly, I don't care whatever persona.

Now, he's different. You like this side of him.

"I need to edit some photos from the latest wedding shoot". He eats fast and finishes in no time. You offer to clean it all up, giving him time to do his work. When you're back at the front, he's editing out the photos of the newlyweds.

They looked happy.

Suddenly you imagine him and you in that photo. Oh what? No way! Way too soon!

You should settle the things between him and you first. About all questionable things first! You walk to him and take his left hand away from the keyboard.

He doesn't shift his eyes from the laptop since his right hand can still do the work. Slowly you sit on his lap (aka sturdy thighs) and totally be a koala around him. He chuckles with the way you're acting now.

"What my baby wants now?". As his left hand rubbing your back while his right is still clicking the mouse. No answer. Believe me, if this is a bed scene, you'll ended up the last time you didn't answer him.

He knows you don't respond because he doesn't give you the attention. So, he leans back against the couch, both hands holding your hips and bringing you closer to his body.

"I'm all yours now, tell me what you want". Oh my, he looks hot but at the same time he looks sweet. "I wonder ... since we are now ...".

"Together". He butts in. "Does that mean we have to continue our filming thingy?". Doesn't see the connection between being together and filming videos.

"You don't want to film anymore?". You shrug your shoulders. If it's making money then why stop?

"How much do we get from the videos we uploaded?". He did check it since the card connected to the account is his.

"Roughly about 20,000 dollars. Since we got paid for that currency".

20 freaking thousand dollars? Wth? Wtf? That's damn a lot! "Ju-just by our decent videos?". Decent, that's a good one. Decent for porn. Hardcore is something else.

"Yeah. Why?". Honestly, you're contemplating about this idea. Since at first you thought that he might use it for his own good but then he confessed so ...

"You're still thinking that I'm using you?". He can read your mind well. He cups your cheeks and pulls you closer to his face. "No baby. If I'm using you why would I say I want to be with you? I already got what I want I should just ignored you. Or

if I'm really bad, I would just ran away with all the money we made. I'm still here, I want you, the whole you".

Stupid you! He really wants you. He is not using you at all. Stop thinking about that because of one incident that he already apologised. "We can stop if you want too. I think it's more than enough with what we gained from it right? Besides, kinda don't wanna show to others whats mine".

He is really good in communicating with you. He knows when to talk and what should he says. Maybe you need time to think whether to continue this idea or not. Since based on his look, he really is sincere with you.

"Okay...". He gives a sweet bunny smile before he kisses your lips. Yeah, and that's when his 'work' is still a 'work' as you two can't stop making out.

What a great Saturday!

15.2K ★ 584 241

On Sunday what you two new lovers did? Of course! Knowing each other! What else you two were supposed to do? Just, the way you two try to learn about each other is a bit different.

"Hmmm like that baby, so fucking good". As his big hands gripping your hips while you're bouncing on his cock in the middle of the living room. Back facing him, ass going up and down on him.

Riding him is fun! You didn't seem to want to get off this ride anytime soon. Most probably sits here until forever. Would that be possible?

Not going to lie but the sexual tension between you two are so fiery and flaming. The urge to bend over for him is so high or the urge

for him to pin you down is so high too.

He wants to be all sweet with you, calling you baby and pretty and tell you how cute you are looking, how cute you are eating the foods he made... but ... at the same time he wants to call your something else, to hold your hair as you suck him, to make his bed a mess, to have you well spread for him, to hear you calling him daddy while he has his hands wrapped around your neck.

Man. He can't really stop thinking about you.

And that's how your Sunday ended with a sex. He was doing his work and you're just doing your assignments. Suddenly he just pampered you with kisses, hands groping your tits under the shirt.

You tried to ignore since this is just the normal him. But the moment he slide his fingers in your shorts, that's when you knew he wanted

something else. Yeah, you're on the couch while him on top of you.

His head in between your legs, lapping your folds as you sucking his cock. The couch is leather so thank god, not so difficult to clean the mess. Maybe.

Then he just sat up straight, slammed you down on his shaft, asking you to move. Of course you can't move that much too since you're overwhelmed, he being so kind he helped.

He leaned your body against him, brought your legs up and spread wide for him and he bucked his hips up, cock going in and out fast in you. Not to mention, the position was so good. You can see how you're getting a fuck from him.

How big his cock is going in and out of your tiny hole. How his tattooed fingers rubbing your pussy while his cock fucking you up. How your squirt on his lap

every time his cock went in. How dirty his talks were.

"Feel that baby? Your needy tiny pussy really pulls my cock in. Look how good you wrapped around me" , "awhh baby is crying? Too much? No?" , "Gonna fuck this pretty pussy every day. You want my cock to fuck you baby? My cock wants you baby".

And that's when he came in you, white thick cum flowing out of your hole. "My cute pretty cumslut".

———

You're working happily today. Because you got a good quiz grade from your last week sudden quiz! Then you managed to hand in your assignment. Then a class was cancelled so you managed to finish another assignment at the library.

Now you're at the cafe, making coffee with a smile on your face.

It's worrying Taehyung so much because the smile is looking way to sinister in his eyes.

"Umm y/n, are you okay? You're smiling way too much. I'm scared". Even the customer is scared. "Yeah why? I'm beyond okay". That's even scarier.

"Did something happened during the weekend?". A lot of things happened in the weekends. "Most of your Monday, you frowned a lot. Thinking about your weekend shifts that was rejected". Lol, who needs that? You are 20,000 dollars richer now.

Before you could answer him, a tall handsome man walks in. "Shit! The hot guy is here again". And when you look at him, it's Jungkook. Looking damn hot. "What can I do for you today?". Taehyung is trying to flirt him or what?

"I want an iced americano please". You're the one who's going to make his coffee. He's waiting for you

his coffee. He's waiting for you and Taehyung can feel the tension. This is weird. When you're done, you slide his cup of coffee on the counter with a straw. "Here you go".

He grabs his drink as he leans forward. "See you tonight pretty". And walks away. You're a shy tomato now! "You know him?". Taehyung is at your side, couldn't believe what he just heard. "You.. him.. fuck buddy?".

"That's my boyfriend". Excuse me? How the hell you got a hot boyfriend and he's not? "If that's my boyfriend, I wouldn't want to work at the cafe anymore. I'm gonna be at home 24/7. Most definitely record some sextapes because I wanna show him off".

Hmmm.....

You stop doing your stuff and face him. "Tae, can I ask you something?".

———

You look at yourself, pretty and cute and sexy. Nice! He's in his room maybe since he's not outside. Now is your chance to do it. Taehyung opened your eyes about this. He was right. Why stop?

You walked into his room with him doing his work. The moment he glanced at you, he glances back, twice! You're wearing this hot looking lingerie set for him. His hard now yeah. As usual you sit on your seat, his lap of course.

"Baby... what's the occasion? Is it my birthday?". You scoff a little. "I've been thinking today about us and ... I think I want to continue filming". Oh shit. He gulps his own saliva now. "You're fine with it?".

"I mean, I can show off how sexy and hot and how good I get fucked by my hot boyfriend right? So why not make the viewers jealous of not having you? Don't you wanna show

them how whiny I am under you? How only you can make me moan? Don't you want that?".

Holy moly. To think it again, he wants to let all people know how lucky he is for having you. "Oh god, you're so hot talking like that baby". You peck his lips and lean forward to his ear.

"Now, can daddy film me getting a good fuck on your bed?". Jungkook is so turned on by now. "Fuck yes baby!".

14.6K ★ 544 111

He doesn't wait anymore, he puts you on his bed and runs to the corner of his room to grab his camera. Switching the sd card since the one in the camera is full. Stares at the battery and thank god it's full.

The tripod is at the side of the bed. Camera on and connected to the laptop. He takes of his shirt, only to wear his short pants. He pushes you to lay back and climbs the bed.

"You're so sexy.... really know how to make me go crazy don't you?". You wink at him and trail your hands on his body until the hem of his pants. "You're so hot too.. always hot".

He grabs both of your hands, pins those hands above your head and

kisses your lips, harsh. Tongue sucking, teeth clashing, the kiss is so good and needy. He pulls his head up, staring at you with him panting.

"Do you want me to fuck you with this on?". He loves you lingerie, he doesn't mind having it on. "Let's keep it on you and then we take it off". You give a simple okay. "Now kitten tell me, what do you want me to do for you".

"I want daddy to play with me. Wanna make a mess on your bed, wanna be wet for you". He almost growls when you act all cute and subby for him. "Okay baby, now.. sit up on my lap and show them your pretty pussy".

He sits up with you on his lap, spreading wide. You push the panty to the side and display what you have for him tonight. "Good kitten. You want daddy to play with your pussy baby?". You nod looking at his fingers that are close to your

heat.

He presses his thumb on your nub, rubbing it in circles. Sliding his long fingers across your folds, making you gasp under his touch. His lips are near your ear, so he keeps on torturing you with his dirty talks.

"Look at this wet pussy. Is this for me kitten?". You hum and nod at the same time. "I'm so lucky then. Such a tiny wet pussy you have for me. Will it fit my cock? I don't think so". You're whining loud for him.

"It fits! Fit daddy's cock please". He plunges two fingers in, pumping it fast. You're throwing your head on his shoulder, whining and trembling. "Feels good? Pussy so tight for my fingers, how can you take my cock then?".

"I can! Please daddy want your cock, please fuck me". With his fingers still fucking your pussy, he

can't deny that he's so turned on by now. "Take my cock out of my pants kitten". You do as he asked.

Cock out with your hand around it. "Pump my cock, make it hard as you want baby". You start to pump it but having some troubles since his fingers are way to good. You spasm your body as you squirt out your juices. He takes out his fingers for you to make a mess.

Juices keep on squirting out on his bed and lap, wetting it all. "So messy. That's a good pussy". As he spanks your pussy with his hand, making you jolt your body on him. "Want to fuck your wet pussy now, kitten put my cock in".

You squat on top of him, lining up his hard cock to your hole. Slowly you going down, filling yourself up. "Fuck good... now let me fuck my kitten's pussy". That's a .. wow ... you're wet.

He puts his arms behind your knees and cups your tits. Both cock

knees and cups your tits. Both cock and pussy on display. Without waiting any longer, he fucks his cock right up to your pussy. Way too fast, way too rough and deep. You're moaning loud for him.

"That's it. Moan for me. Let others know how good I fuck you". His hips are going in so rough, you literally cum on him that fast. Sometimes his cock slips out and it makes you to squirt your juice out. Quickly you grab his cock, putting it back in.

"Aren't you a needy slut? Needy for daddy's cock. Aren't you my pretty slut". You nod fast and moan fucking loud. "Play with your pussy while I fuck you". You rub your fingers against your clit, with his cock going in and out.

This is so good. The pleasure is way too much. He knows how to make you have a great fuck. Legs are trembling, body is shaking, cock is twitching, ready to get near the climax. "Shit... gonna cum"

climax. "Shit... gonna cum".

"Cum in me .. daddy please cum in my pussy". You beg and he growls loud for that. He keeps on thrusting your swollen pussy and soon few more bucks before he groans into your ear as he shoots his cum in you.

"Take my cum... such a good cumslut, take it all". Your eyes are white, mouth opens wide as he cums inside of you. He slides his hard cock out and cums flowing down to his bed. "Baby, push my cum back in your pussy. Push it all in".

You finger yourselves, not letting any of his cum go out of your hole. Soon he pins your body down on the bed, kissing your lips. Camera is still rolling and he is still damn hard.

He takes of his shorts completely and removes all your lingerie off your body. Both naked and messy.

He pumps his cock to make it harder and kneels between your spread.

"Second video baby??? ...".

13.4K ★ 539 151

Your head is on his shoulder, with a box of milk in your hand. Three hours have passed and it's now around 12.30am. He's shirtless as usual but with his shorts on of course! While you're in his big black tee. Both staring at the laptop.

"You really put that hashtag in all videos even if it's not about your dick". Hashtag is #bigdick. What can he says? It's legit and the truth. He needs to insert that.

"Let me be! What else should we put?". He asks as he types whatever comes across his mind. #Hotdaddy

"You've been typing your own hashtags". He chuckles as you slap his arm lightly. "I asked you what to put but you didn't give me

answers, so I put what come across in my brain".

#mykittenmoansaresofreakingsexy

"That's a long ass hashtag". You have been arguing with him about hashtags for almost 15 minutes. "But it's true? My kitten's moans are so fucking sexy". His hand grabs your face and he kisses your lips, tasting the milk you've been drinking.

"You're so hot and cute, you know that?". You know of course. Like sizzling. But you just want him to say more of those words to you so you act like you don't know.

"Baby, do you really need me to... to explain one by one why you're-?". He puts his laptop to the side and pulls you closer to him. He takes away your milk box and put it at the table beside his bed.

"The first moment I laid my eyes on you, oh god I was like yes this

is my roommate. That's why I said yes in a second". True. You asked if the room is still available and in no time he agreed to have you as his roommate.

"Then, there were moments when you're looking so delicate and sweet after you took your bath from work. The clothes you wore baby, wasn't helping. You made me want to have you right away". It's just a simple tee with shorts or just maybe a pyjama.

"And the way you talk to me, you making me nuts. You know when you have this puppy eyes, asking for help to .. um.. get something on top of the cabinet or trying to make me catch spiders in your room, I feel like I want to pin you down".

"And all those baby talk, I always wonder what you'll be under me. Will you talk like a whiny cute baby too and oh god. The way you begged me just now -please fuck me- I freaking lost it".

He is kissing you a lot and he doesn't seem to stop. "You're hot and cute. One moment I feel like I want you to dom me and another moment I want to ruin you until you beg me to stop".

You look at him and give the exact pair of puppy eyes he's been talking about, with your hand caressing his chest. "You're hot too. I like it when you're rough on me, I want you to ruin me until I can't say a word".

"Kitten no, don't give me that look. I'm weak. Do you want my cock to break?".

"Who says I want more. I was just saying it. You look hot too". He touches your nose to his. Never been this soft before. He grabs back his laptop and types something else.

"You know.. my co-worker at the cafe is crazy for you. He's been calling you hot guy whenever you're in there". He knows that

you're in there". He knows that. The guy's eyes shining bright when he stepped his foot in the cafe.

"And he's the one who said to continue what we do together. At least we can explore new things and get money from it. Plus, I like you making sex with me". He pampers you with kisses again. "See.. it's a great solution for us two! We get tons of money and we get great sex".

"Talking about this, when will we need to pay for the rent fee this month?". He almost forgot about it. "Ahh! Yes! Tomorrow morning I'll be meeting him and pay for this month".

Then your account will be 27,355 dollars left. He presses the upload button and the first video is up on the page. Second one, maybe in the next few days. He closes his laptop, put it under his bed and snuggling with you.

"Now let's sleep. We need to wake

"Now let's sleep. We need to wake up early tomorrow!". His usual routine, kissing your back until he's asleep. "Good night baby".

———

He knocks on the landlord's office door around 9am. He woke up early maybe around 8am but he has something else to do. As in having some lazy morning sex with his girlfriend.

His girlfriend looking hot and he just can't let go. He needs too have a taste. For a good starter for the day.

"Ahh Jungkook! Are you going to argue about the fee again today?". He asks since Jungkook did go to his office about a couple of times to get a reduction.

"No. I want to pay for the fee! Here". He passes the envelope and quickly leaves the scene. Well, that is way to fast for a person to pay

something. He checks the envelope incase if it's a lie.

To his surprise, the money is there. The amount he asked to pay. Two weeks ago he's been asking for so many reasons on why the fee is being raised but now ... he paid on time full in cash.

"How the hell this guy gets this big sum of money?".

1 freaking million views.

How the hell? Who the hell? What the hell? How is this possible? Who freaking watched your videos? Compared to the others videos (no you didn't watch any lol) yours aren't that 'wow'.

Doesn't give that factor since it's just a plain, maybe not vanilla but not too kinky too. It's just you and him, making love. Maybe add in a pinch of kinky stuff but that's about it.

"I think it's the hashtags". He still doesn't want to let it go. "Maybe?". He scrolls down the comments, reading it one by one.

"They want your name". You say to him. "They want yours too". He replied back. He is so damn proud right now, not sure if it's a good one to say but he is so proud! He has the girl, nobody else can have her.

But at the same time he is a hit jealous. Since there are some people are quoting their desire to have her. "Why are they all want you? Can't they see you are mine". He wants to bark now.

"Oh god calm down. I'm here with you". Planting some soft kisses on his cheeks can lower his boiling point. "I wonder if we did record the time you tied me up, how many views we will get".

He shakes his head couple of times, the image of you tied up and to be displayed for people to watch aren't a good one. No!

"No can't do. Only I can see that! If people watch you be tied up pretty for me, they all want you for sure! I can't do that. You are mine!". He pouts and whines. You hug him, he's a total baby now.

Jealous baby.

"Fine fine. Nobody gonna see me tied up except you". Now he's smiling wide. "Kinda jealous now since everyone can see what I see". You don't quite get his sign now.

"Oh... so does that means you want to quit this stuff? I mean to stop recording?". Deep in his heart, he likes it because he can show off but at the same time he is jealous since everyone can see you.

But then to think it again, it's his idea to do this. It's his idea to make videos.

"Do you want to stop then? Are you fine with people seeing me naked?". He asks you instead. Is this an attack? "Question is .. are you fine people watching you naked? I don't mind. You're hot and sexy and everything, they can only watch but I can hold and touch and kiss".

That's somehow made him hard. What a turn on. "Same goes to me.

They can watch but it's only you who can touch my whole body. And it's you who can pampered me with kisses. And it's you who can fill me up".

That's even hotter. "So it's up to you if you want it or not. I will follow your lead". Well right now he can't think of anything else. "I think I want you first ... now ... can I? Please please please...".

This isn't the lead you're asking for. But works fine for you.

———

"Okay so... I've seen your videos". Your eyes are wide open now. Taehyung watched it? Like what? You didn't even give him the links or profile!

"How can you even watch it? Like how you know it's my video?". He takes out his phone and scrolls down the web, of course it's in incognito mode. He puts the screen

to your face. "This video?".

Oh shit, that's you under Jungkook. Well he looks hot not going to lie on that. "I recognise his tattoos and I also recognise your voice". Isn't it weird to have a friend watching your porn videos?

"I wonder how much you two make through this". He rubs his chin, staring at you. "Well, since the latest one is a hit, we are not reaching 50 thousands dollars? Or maybe more? Not sure, Jungkook doesn't give me an update yet".

"Holy crap! Just quit this job and do porn for life!". Why is he like this? "Hold on! We are still thinking if we wanted to proceed. There are lots of things needed to be considered".

Taehyung knows what's going on actually. "If you two are jealous of each other since people can see the whole you then don't be. They can see but can't have". True. This

is what you said to Jungkook last time.

"You already convinced me though so now I'm gonna convince him! Who knows we can be filthy rich after this!".

"Just a question though... are you guys up for a threesome?". Taehyung is making you stop jumping now. "What??? Oh hell no! Don't want you to fuck me".

Taehyung tilts his head a bit. "Who says I want to fuck you? I want him to fuck me". What the hell? No!

He presses the upload button and up a new video in the page. That's the second video from the previous session. Yeah the one that he drilled into you until you can't even moan for him anymore. That's the one.

"The thumbnail is my dick though". He can't put a cover photo for that. The page will automatically display whatever in the video and turns out to be his dick. "That's a great thumbnail though. I bet tons of girls click on that".

Obvious. His dick is curving up, hard and thick. People will be clicking on this video for sure. Maybe if the viewer is a bit too extreme, she or he will lick the screen first. Imagine things as in they are having that dick.

Poor them. It's yours. The one that's hopping on that shaft is you.

"Hey.. since we are really going to continue this .. do you want to.. move into a new place?". Well that's a wild random question. "Is this place not a good one for us though?".

This place is fine for you. It's wide and spacious. It's cozy. "Let's move to a new place baby, a better one. Where it has only a big king sized bed". Why reducing the bed quantity? This place is just fine with no problem.

"One bed? If we make a mess on that bed where you wanna sleep?". He pouts thinking about that possibility. "At the big living room, awhh come on. We have tons of money, let's move to a cosier place. Just want to close to you".

"Fine. But better not to stop doing what we're doing now. Or else I'll end up working two jobs after

classes". He winks and smirks at you. "Oh baby, I have something in mind already".

———

You're a bit nervous because anything can happen. He doesn't bother to look around anymore since it's completely empty here. "Are you sure there's no one around? The windows aren't tinted".

"I ate you out for ten minutes and only now you're worried?". He already unbuckles his belt and his pants are slowly going down. "That's because you're behind the counter and now you're standing, people will see".

He pampers you with kisses on your neck, hands slowly going to for the panty, pulling it down to your knees. His body is against your back, it gives you shiver. "You like people to watch you baby, don't hide that. You like the feeling of

getting caught while you're being fucked by me don't you?".

Welp. Acting all worried doesn't help. You love that! The feeling of getting caught, it's fun and thrilling. "Baby, press the button". You press the button and the camera records the scene.

Which is him fucking you from behind. You're bend over the coffee counter, skirt hikes up to your waist. His tattooed hand, your side hip and his cock are in the video. He's thrusting into your warm needy hole like he always do.

"How's my kitten doing? You love me when I do you like this?". He slaps your ass and you moan for him. "Such a naughty kitten, wants to get fucked in a cafe where people can just see you from outside". He slaps your ass again. It's red.

You're drooling on top of the counter. Eyes are white, hands

holding the counter, ass being slapped hard and pussy being fucked rough. What a good night.

After a few minutes of him pounding into you, he pulls out and turns you around to face him. He grabs your face and kisses you hard. His hands then travel to your waist, putting you on the counter with legs spread wide for him.

He slides it back in in a snap. He tears your shirt, the buttons are falling from it as he wants to grab your tits. So he fucks you up again deliciously deep with his hands squeezing your tits. "God you're so fucking good for me. Pussy warm and good for me".

You're definitely cumming on him already. His thighs are wet now since your juice is dripping down on him. He doesn't even care, he loves it messy. He keeps on fucking, chasing his climax.

"Fuck baby I'm so close. Gonna fill

up your pussy with my cum baby". You're moaning louder and louder for him. "Don't stop, please fuck me more Jungkook". You beg but he's way too close to cum.

"Okay baby. But lemme cum first then you pump's my cock and I fuck you again yeah? You love that baby?". You nod fast with your mouth letting out moans for him. He bucks his hips faster and one last thrust, he spurts his cum in you.

"That's it baby, pussy filled with my cum. Such a good kitten". Slowly he pulls his half hard cock out and his cum spilling out of your hole. You sit up straight, staring at his cum falling down to the floor.

"Baby, you called my name just now. We can't use this video then". He looks at your eyes, it's dark and lusty. He can just mute that part though but he doesn't want to stop fucking.

"So we need a new video then? Here? Right now?". He nods as he slowly pumps his cock to be hard again. "This is so hot!". Wait hold up!

"Taehyung??". Jungkook can't believe this. You two aren't alone at all. He's staring at Jungkook's cock for sure. Delicious. "Sorry, but I don't want any other cock to be in her except mine".

"Uuu yes daddy! Would not want others dick but yours". Jungkook and you exchange gaze. "Both of you are speechless by now.

Since you're filming again, do you guys think I can join the new video?".

Hell no!
